

WILSON APPROVES DISSOLUTION PLAN

**President Approves Plan
McReynolds and Railroad
Attorneys Negotiated**

LAWYERS GO TO ST. PAUL

Plan Will be Submitted to United States Supreme Court in St. Paul Tomorrow

MAY AVOID RECEIVERSHIP

WASHINGTON, June 28.—President Wilson tonight approved the plan negotiated by Attorney General McReynolds and the railroad attorneys for the dissolution of the Union Pacific merger under the Sherman anti-trust law as directed by the supreme court of the United States so as to avoid a receivership for the great combination. G. Carroll Todd, special assistant to the attorney general left tonight for St. Paul to represent the government and to announce its approval of the proposal when it is presented to the United States court there Monday. He was accompanied by H. W. Clarke, counsel for the railroad who will submit the plan to the court. The government will qualify its approval of the plan, it is said, by asking the court to grant a reasonable time within which the attorney general may make objections to the proposal if further study develops it will not meet the requirements of the Sherman law in all aspects. This latest attempt of the many made to dismember the combination provides the disposition of the entire \$126,650,000 of Southern Pacific stock held by the Union Pacific. While no official announcement has been made it is understood the plan was one step provides for the exchange of \$38,292,400 of Southern Pacific stock for the Pennsylvania's holdings in the Baltimore & Ohio which are approximately of the same value. The remaining \$88,357,000 will be disincorporated and placed in the hands of a trust company as trustees and against this stock will be issued certificates with no voting power to shareholders of the Union Pacific. The plan provides for the sale of these certificates within a definite time and their exchange for the stock under such conditions, it is declared that it will be impossible for stockholders of the Union Pacific to acquire a substantial portion of the Southern Pacific stock. This new plan is somewhat similar to one of the proposals submitted to the court a month ago but it is said to be more definite in form and surrounded by the greater safeguards to prevent the Southern Pacific stock from going to Union Pacific shareholders or remaining under the control of the Union Pacific railroad for an unlimited time. Under the supreme court's mandate, the plan must be presented to the judges of the United States court for the eighth circuit by July 1st, although there is no limit within which the court must enter a decree of dissolution.

If the court approves the plan the alternative of receivership will be avoided. Attorney General McReynolds late today received word from Circuit Judge Sanborn and Smith would be in St. Paul Monday to receive the plan. Judge Hook has not been heard from and it is not known whether he will be present.

HAVANA MAN DROWNED

Havana, June 28.—S. L. Norton, superintendent of the Havana Concrete Tile and Products company, was drowned in Quiver lake today when he fell from a barge which was being towed to Spring Lake.

DROWNED IN ILLINOIS

Peoria, Ill., June 28.—While swimming in the Illinois river off one of the pleasure beaches this evening, Herman Kaemling was suddenly seized with an attack of cramps and was drowned.

SATURDAY IN CONGRESS

Senate.
Met at 2 p. m.
Caucus continued work on tariff bill and voted down all amendments to free list woolen goods.
Transacted no business and adjourned at 2:05 p. m. until Wednesday, July 2.
House.
Met at noon.
Judiciary committee examined in private all papers in Cammilleri case.
Leaders agreed on series of three day recesses for next two weeks.
Public lands committee continued hearing on Hetch-Hetchy water project.
Filibuster renewed on bill for addition federal judge for eastern Pennsylvania.
Adjourned at 2:45 o'clock to noon Wednesday, July 2.

PRESIDENT WILL SPEAK TO VETERANS

**DECIDES TO ATTEND CELEBRATION
AT GETTYSBURG**

Decision Follows Conference With Representative Palmer—Secretary Tumulty Issues Statement.

WASHINGTON, June 28.—President Wilson tonight decided to attend the fiftieth anniversary celebration of the battle of Gettysburg on the fourth of July. He telegraphed Governor Tener that he had reconsidered his previous declaration and would make a brief speech to the veterans.

Secretary Tumulty gave out this statement for the president: "The president has felt constrained to forgo his chance for a few days of much needed rest in New Hampshire this week because he feels it his duty to attend the celebration at Gettysburg on Friday the fourth of July."

The president's decision followed a conference with Representative A. Mitchell Palmer of Pennsylvania. The president had taken position previously in declining to go that he would be breaking his rule established months ago not to leave Washington for any speech making occasion when congress was in session. Mr. Palmer pointed out, however, the importance of the Gettysburg celebration, its nation-wide significance, and particularly the spirit of sectional sympathy that would result from a speech by a southern born president at the re-union of the north and south.

The president had intended to leave Washington for New Hampshire to spend a few days with his family but the trip will necessitate a rearrangement of plans. Mr. Wilson probably will be in Gettysburg only a few hours and it has not yet been decided whether he will go by motor or train. His plans probably will be announced on Monday.

Everything in Readiness.

Gettysburg, Pa., June 28.—Coming from as far west as the state of Washington and from as far south as Texas and Oklahoma, civil war veterans by the hundreds are pouring into Gettysburg tonight by regular and special trains which are also bringing scores of friends and visitors for the opening of the battle anniversary celebration next week. A car load of tents, cots and other equipment will arrive from Philadelphia during the night. It will be distributed quickly tomorrow and when the camp opens in the evening everything will be in readiness to receive the veterans.

Four troops of Pennsylvania state constabulary are now in camp here and are patrolling the streets of the town and establishing traffic regulations. The squadron of cavalry which arrived yesterday from Fort Meyer were given similar duties on the battlefield avenues which similar instructions to protect all monuments and other government property. Final arrangements at the big camp were completed today.

Three hundred and fifty Philadelphia boy scouts arrived this evening and were scattered about the camp at various stations where they will assist the veterans in any manner possible. Fourteen red cross stations were established on the battlefield to serve as rest stations and temporary hospitals for the veterans. A thousand cooks arrived for duty at the camp and everything is complete for the opening tomorrow evening.

Veteran Dies of Wounds.

Lincoln, Ill., June 28.—Dr. C. C. Sater, of Atlanta, Ill., a Gettysburg union veteran died here today as a result of chronic illness from his wounds in the battle. Dr. Sater was preparing to join his comrades at Gettysburg when his disabilities took an acute form. He was 70 years old. He was a member of the Iron Brigade and was wounded in the first day's fighting and lay unattended on the battlefield for five days.

Enroute to Gettysburg.
Chicago, June 28.—About seven hundred veterans of the grand army of the republic passed through Chicago today and tonight in a special train enroute to the commemoration at Gettysburg of the fiftieth anniversary of the great battle. Two hundred and fifty veterans from North Dakota accompanied by Governor Hanna and Wisconsin's contingent with Governor McGovern were among the troops passing through today.

SERIES OF EARTH SHOCKS CAUSE PANIC AMONG PEOPLE

**Italians Rush Out of Their Houses,
Terror Stricken and Imploving
Mercy.**

Cosenza, Calabria, Italy, June 28.—The great disaster in Sicily and Calabria in 1908 was feared forcibly to mind today by a series of earth shocks which appeared graver than they really were owing to the panic they caused. The people rushed out of their houses terror stricken at the first shock, abandoning everything and ran screaming and imploring mercy. They are now camping in the open fields or in underground grottoes.

Troops and a detachment of red cross workers were hurriedly dispatched to points where the greatest damage was reported. The villages most seriously affected were Roggiano, Gravina, Mongrassano and Sanbenedetto.

MOTHER CONFESSES KILLING HER DAUGHTER

**CONFESSION FOLLOWS DISCOVERY OF
BODY IN A TRUNK**

Mrs. Ekman Declares She Chloroformed the Girl But Physicians Say Child Was Choked to Death—Former Husband Also Under Arrest.

OGDEN, Utah, June 28.—Following the discovery of the naked body of a 12-year-old girl in a trunk at the Union Station here this afternoon, Mrs. August Ekman of Salt Lake, the mother, confessed to killing her daughter. She is under arrest with S. C. Anderson of Los Angeles, her former husband.

While Mrs. Ekman asserts she chloroformed the girl, physicians assert the child was choked to death, the condition of the neck and head bearing out that surmise. The woman declares she committed the crime because the girl was an incurable and she could not take care of her. The trunk had been checked from Salt Lake two days ago and when Anderson appeared today to have it re-checked to Salt Lake, the railroad officials demanded the trunk be opened because of the peculiar odor emanating from it. They found the remains of little Francis Williams, who is said to be the illegitimate child of Mrs. Ekman.

Anderson and the woman had been separated a number of years and became re-united only two days ago. The police believe the woman is shielding Anderson and expect to secure a confession along that line from her. They were taken to Salt Lake City today.

Last Seen on Thursday.

Salt Lake City, Utah, June 28.—Francis Williams or Ekman, as she was known here, the child whose mutilated body was found in her mother's trunk at Ogden today, was last seen by neighbors at her home here on Thursday, the day that Mrs. Ekman and Anderson departed for Ogden. The child had been sent to a grocery store and as she returned from her front gate her mother came outside, put an arm affectionately about the little girl and led her into the house. An hour or so later an expressman came and took the trunk with the child's body. According to neighbors Mrs. Ekman has had three husbands, Frances being the daughter of her first, George Williams, who is said to be in the army, at present stationed in California. Anderson was her second husband. For several months she had been living here with Thomas Ekman, a paper hanger. Over a week ago Ekman went to Kemmerer, Wyo., to do some work there. After his departure Anderson appeared and they decided to leave together for Michigan.

That the child was first abused and then murdered is the conclusion of the Salt Lake police who are working on the case with Ogden officials.

THREE GENERATIONS OF ONE FAMILY PERISH IN ACCIDENT

**Collision Between An Electric Car
and Automobile in San Jose, Cal.,
Claims Six Victims.**

San Jose, Cal., June 28.—Three generations of one family perished today in a collision between an electric car and an automobile on a highway near this city. The dead: Col. Robert Powell, aged 85. His wife, Mrs. Elizabeth Powell, aged 73. An adopted son, John Powell, aged 36.

Mrs. Sally Powell, aged 32, wife of John Powell.
Esther Powell, daughter of Mr. and Mrs. John Powell, aged 13.
John Robert Powell, infant son of the couple, aged nine months.
The automobile was struck behind the front fender by the electric car which was traveling at high speed. The automobile was carried twenty or thirty feet, hurled against a power pole and mashed into a tangle of junk, the machine being cut squarely in two and the power pole snapped off at its base.

Col. Powell was a wealthy orchardist. His foster son, John Powell and the latter's wife and children were on a visit here from Emporia, Kansas.

TILLY XVII WINS SECOND ELIMINATION RACE AT KIEL

Kiel, Germany, June 28.—In the second of the elimination races sailed to day at the Kiel regatta to select German representatives to participate in the regatta off Marble Head Mass., in September, Tilly XVII, owned by Prince Henry of Prussia and C. V. Krogmann of Hamburg was first; second Serum, owned by Waldemar Tietgens of Hamburg; second and Resl V, owned by Julius Stahl of Berlin third. An eleven mile breeze was blowing.

Prince Henry steered the Tilly XVII and this time slightly redeemed the reputation of the 1913 boats, all of which were handily defeated on June 26th, by the three year old Resl V.

The Resl V, which was formerly the Elizabeth built by Prince Ritel Frederick of the German-American sonderklasse races at Kiel in 1911. The yacht, however, failed to be included among the three German defenders for the Emperor's cup and the Prince sold her and built a new racer for the 1913 regatta.

CAUCUS ACCEPTS ALL SCHEDULES

Leaders Impatient at Delay Spur Democrats to Action

ON INCOME TAX MONDAY

Will Consider Administrative Features and Income Tax Section Tomorrow

CAUCUS MAKES NO CHANGES

WASHINGTON, June 28.—Impatient at delaying putting the tariff bill before the senate, administration leaders, led by Chairman Simmons of the finance committee, spurred the Democrats to action today in the tariff caucus and tonight consideration of all the schedules practically had been accepted. During the day the caucus approved the wool, manufacturers, silk, paper and flax, hemp and jute schedules and tonight took up sundries and the free list to be followed Monday by consideration of the administrative features and income tax section. Surprising to many of the senators, the committee today without much friction and absolutely no changes were made in any of the schedules, although at the request of the committee a few items of the wool schedule were referred back. In the wool schedule the committee suggested that combed tops and noils that are dutiable in the bill at 15 per cent, might be further reduced if not put on the free list and this was referred back for further recommendations, together with the item on blankets, valued at less than 40 cents which the committee probably will recommend to be placed on the free list. The action of the committee in transferring raw hemp, flax and jute to the free list was approved by the caucus without discussion. The committee changes in the silk schedule substituting specific for ad valorem rates, also were approved and no changes were made in the paper schedule, print paper valued at not more than 2-1/2 cents a pound being left on the free list.

Members of the finance committee strenuously opposed such a wide reduction, however, and the Ashurst amendment was voted down by a large majority. Senator Simmons tonight declared the caucus had at last shown a disposition to hasten its work and he believed the bill could be completed by Monday night or Tuesday at the latest, although considerable difference of opinion is anticipated when the income tax is reached. As amended by the finance committee reducing the normal exemption from \$4,000 to \$3,000 for single persons, the revenue to be derived is estimated to be about the same as the estimated revenue under the house bill, \$80,000,000.

Reduction of the general exemption, it was figured, would be about equalized by the additional exemptions for married men and women and for children dependent upon the income of a parent. As soon as the caucus completes the bill it will be passed upon by the full finance committee the minority members then getting their first official look at the measure. The bill will be in committee not more than two days. In any event it is probable that it can be reported to the senate in time for general debate to begin before July 4th.

SWEARS TO RETURN.

Montreal, June 28.—Jack Johnson, the negro pugilist and convicted white slaver, promised the Canadian immigration authorities under oath today that he would sail for Europe tomorrow on the steamer Corinthian and return to Chicago in time for the adjudication of his appeal from conviction. Johnson was informed that a detective would accompany him on the Corinthian as far as Quebec.

BIG FIRE AT MUNCIE.

Muncie, Ind., June 28.—Fire which this afternoon destroyed the Root building containing a department store and several apartments caused a loss estimated at \$100,000.

MEET NEXT IN E. ST. LOUIS.

Springfield, Ill., June 28.—Before final adjournment tonight the state encampment of the United Spanish War Veterans voted to hold the next state encampment in East St. Louis.

Washington, June 28.—Thomas

Jefferson's portrait instead of William McKinley's will appear on a new issue of postal cards by order of Postmaster General Burleson.

COMPLETE WORK OF SIGNING BILLS

**GOVERNOR NOW BUSY WRITING
VETO MESSAGE**

Messages Will be Presented to the Two Houses of the Legislature When They Convene Tomorrow—Will Veto More Than Two Million of Appropriations Passed.

SPRINGFIELD, Ill., June 28.—Upwards of forty of the bills passed by the forty-eighth general assembly will become laws next Tuesday without the signature or approval of the governor. Governor Dunne practically completed the work of signing bills tonight. From now until noon Monday the governor's time will be devoted to writing veto messages which will be presented to the two houses of the legislature when they convene on Monday preparatory to sine die adjournment. The utility bill and the park construction act are the most important of the bills remaining in the hands of the governor. It is believed he will sign the utility and veto the park consolidation. The re-enacted automobile law is so loosely drawn that Governor Dunne is trying to determine whether it would be better to veto the new act and let the old one stand, or sign the new bill and take a chance with it in the courts as it is more than probable that part of the fight against the good roads law will be directed against the automobile law, it being the source from which the revenue will be obtained for the building of state aid good roads. Governor Dunne will veto more than \$2,000,000 of the appropriations passed by the general assembly. This reduction leaves the total appropriations \$6,000,000 more than they were two years ago.

Special Prosecutor.

Governor Dunne tonight received a message from the East St. Louis Sun asking him to name a special prosecutor of the alleged East St. Louis grafters to supersede States Attorney Charles Webb of Saint Clair county. The governor has asked Attorney General Lucey for an opinion whether he could legally name such prosecutor and will send a reply Monday.

WHISK BROOM II WINS SUBURBAN

HANDICAP IN RECORD TIME

H. P. Whitney's Big Chestnut Has Won All Three of the Big Handicaps This Year.

New York, June 28.—Having done everything asked of him by a generous owner, an astute trainer and a clever jockey, Whiskbroom II, the big chestnut son of Broomstick, audience is the most talked of horse in America tonight. Carrying the crushing impost of 139 pounds, Harry Payne Whitney's six year old horse, piloted by Jockey Notter, won the Suburban Handicap at one mile and a quarter over the Belmont Park track this afternoon and established a new world's record of two minutes flat for the distance. A length away John O. Talbot's gelding, Lahore was second, five lengths in front of R. F. Corman's Meridian which finished third.

When the time of 2:00 was hung out its accuracy was questioned by several horsemen who held watches on the race and W. H. Barretto, the official timer was accused of having stopped his watch when Whiskbroom II, passed the regular finish line instead of the real line for this event which is 40 yards and some inches further on. Barretto insisted that his timing was correct as he stopped his watch on the fall of a flag held where the horses finished and the time 2:00 stands as an official record.

Never before in the history of the race has such a weight been carried to victory and in addition to his new world's record Whiskbroom II, has to be credited with the hitherto unbroken feat of winning all three big handicaps, Metropolitan, Brooklyn and Suburban, in the same year.

The Suburban is considered to be the great American classic and in former years ranked in this country with the English Derby and the French Grand Prix. This year the money value to the winner was only about \$3,000.

HOSPITAL ATTENDANT

CHARGED WITH MURDER

William Wolfe Former Employee at Kankakee Hospital Held For Death of Insane Patient.

Kankakee, Ill., June 28.—Mystery over the recalling of the May grand jury by Judge Campbell in circuit court was solved today when that body returned an indictment against Wm. Wolfe of Nashville, N. C., formerly employed as an attendant on Ward No. 3, south at the Kankakee State Hospital for the insane, charging him with the murder of Carl G. Holst, of Paxton, Ill., who was a patient at the institution. Wolfe was arrested here to day. Holst was admitted to the state hospital on February 26th, and died on March 4th. A post mortem examination revealed fractures of six ribs and his chest was caved in. The coroner's jury at the time exonerated the hospital employees, expressing the opinion that the patient's death was due to injuries sustained in falling over beds. The May grand jurors were not satisfied and conducted an investigation and reported to Judge Campbell in the circuit court that in their opinion an indictment should be returned but owing to collusion among hospital employees they were unable to apprehend the proper person.

CHICAGO RAILWAY PROMOTER SUICIDES

**GEORGE TOWNSEND THROWS HIM-
SELF INTO MISSOURI RIVER**

His Hat, Coat and a Notebook Containing a Letter Saying He Was Going to Kill Himself Because He Feared the Mad House, is Found.

KANSAS CITY, June 28.—George Townsend, the wealthy Chicago railway promoter and brother of Congressman Edward Townsend of New Jersey, who has been missing the past two days, committed suicide by throwing himself into the Missouri river at Kansas City, Kan. This information was disclosed tonight by the finding of Townsend's hat, his coat and a notebook containing a letter in Townsend's hand writing saying he was going to kill himself because he feared the madhouse.

Mr. Townsend, who was 62 years old, disappeared from the Baltimore hotel Tuesday morning. He was staying there with Ward S. Arnold, his Kansas City business partner. Clerks said he left the hotel about 6 o'clock without his customary cheery "good morning" to them.

At 8 o'clock Tuesday morning John Reimer and his son, John, Jr., were working in their truck garden near the Missouri river, Kansas City, Kan. A stranger came up the road and stopped to chat.

Today after the work on the truck farm was finished John Reimer, Jr., walking along the Missouri river, saw a Panama hat similar to that worn by the stranger Tuesday and a coat weighted by a large stone. He found a note under the hat giving the name of the writer's wife and her address, as well as mention of those connected with him in business. The note also said the writer feared the mad house. It was signed G. T.

Congressman Townsend identified the hat and coat and handwriting as that of his brother, George Townsend.

George Townsend came to Kansas City last Monday. He was to have held an important business conference here Tuesday afternoon. Since his disappearance, the police, squads of boy scouts and the mail carriers of both Kansas City, Mo., and Kansas City, Kan., have been searching for him.

The police announced a search would be begun tomorrow morning for the body. At the point where the note was found the current is very swift and the river is thirty feet deep. This will make recovery of the body difficult.

Fishermen Recover Body.

Kansas City, June 29.—Shortly after one o'clock this morning the police at Kansas City, Kan., received a telephone message from a point ten miles up the river that fishermen had recovered a body thought to be that of Townsend.

ENTIRE FAMILY IS BELIEVED TO HAVE BEEN MURDERED

**Bodies of John Jacobs, His Wife and
Four Children Are Found in
Smoldering Ruins of Their Home.**

Columbia, S. C., June 28.—That John D. Jacobs, a farmer who lived near Peak, Lexington county, and his wife and four children, were murdered, their house being afterward set on fire in an effort to conceal the crime, was the conclusion reached late today by the coroner's jury after an inquest which lasted all day. Early this morning a milk man discovered smoke issuing from a grove where the Jacobs home stood. Investigating, he found the home almost destroyed and further investigation showed the bodies in the ruins. The inquest disclosed that Jacobs, his wife, his daughter Ellis, aged 23, and three sons, aged 18, 14 and 10, were all dead.

The bodies of all except that of the oldest son, Leslie, were found lying in their beds as if they had been murdered while they slept. The body of Leslie was found before the fire place with a shotgun beside it. A gun was also found beside the charred body of Mr. Jacobs and an axe near the skulls of Mrs. Jacobs and the daughter were crushed as if by a heavy blow and blood was found beneath the other bodies. The mattress upon which the youngest boy lay was soaked with blood. There are no clues.

THE TEMPERATURES.

The temperatures for Saturday, according to G. H. Hall, weather observer at Alexander, were: maximum 98, minimum 73.

WEATHER INDICATIONS AND TEMPERATURES

Washington, June 28.—For Illinois: Fair and continued warm Sunday and probably Monday, light south winds.

Temperatures.

Chicago, June 28.—Current, maximum and minimum temperatures today were:

	Current	High	Low
Boston	76	88	70
Buffalo	72	76	66
New York	80	84	74
New Orleans	82	90	74
Chicago	82	88	74
Helena	78	84	70
Detroit	80	94	78
Omaha	80	94	74
St. Paul	64	66	50
Helena	64	68	54
San Francisco	64	68	54
Winnipeg	84	88	60

ARRIVE IN CORVUS.

Cornus, N. H., June 28.—Mr. Woodrow Wilson and Miss Ella Wilson arrived here this afternoon and took possession of Harlake House, their summer home.

HEAT DEATH LIST GROWS IN CITIES

List of Fatalities Is Growing Almost Every Hour in Chicago

HEAT CAUSE OF WRECK

**Twenty Five are Injured When
Spread Rails Wreck C. & O.
Passenger Train**

CENTRAL ILLINOIS RECORD 98

CHICAGO, June 28.—Four days and nights of uninterrupted heat brought their result here to day in fourteen deaths from heat stroke and four from drowning directly attributable to the heat. The temperature to day was not extreme but the mercury stood in the neighborhood of ninety all day and the debilitating effects of the hot nights sent the death toll up with a rush.

The death list was added to almost every hour by additional fatalities sent in from the hospitals. Scores of persons were given emergency treatment and were hovering between life and death tonight.

Two men leaped from different lake steamers and disappeared. One man plunged fully clad from a wharf and another who had ridden a horse into the lake fell from the animal and was drowned. While the maximum temperature officially recorded on top of the federal building was only 88, thermometers on the street told a different story. In some parts of the city temperature reached 100. This was almost as hot as the maximum report from Bemarrack, N. D., and Pierre, S. D.

Around Central Illinois the official record was 98.

What seemed to make the heat wave more intolerable in Chicago was that there was little breeze and the weather bureau held out no hope for early relief.

Dubuque, Iowa, reported one death that of John J. Powers, a blacksmith. The government record at Dubuque was 96.

Many manufacturing plants closed and work on the streets was stopped. Fred D. Heinsmith, fireman on the Chicago, Milwaukee and St. Paul, was overcome by heat in his engine at LaCrosse, Minn., and fell out of the cab. He was found in a serious condition and was taken to his home in Dubuque, Iowa. Two deaths were reported at St. Paul, Minn., where the thermometer registered 93.

Peoria Records 105 Degrees.

Peoria, Ill., June 28.—The thermometer at the government's downtown station recorded a temperature of 105 degrees this afternoon while the official weather station figures show a record of 98 degrees for the day, the highest mark reached here since the record breaker of 1911. Three prostrations resulted from the extreme heat and one man was driven temporarily insane. One death from the effects of the heat was reported from Pekin, Ill., a suburb of Peoria.

Heat Causes Rail to Spread.

Peru, Ind., June 28.—The intense heat causing the rails to spread, is given as the cause of the wreck of the Chesapeake and Ohio passenger train No. 6, known as "Fast Flying Virginian," when 25 persons were injured near Fulton, twenty miles northwest of here this afternoon. Two Pullman cars and a diner turned completely over but no one was killed. The engine and combination baggage and smoking car remained on the track, although the train was making about 40 miles an hour at the time of the accident.

The Injured.

George Gordon, negro chef of Richmond, Va.; Gordon Smith, Charlottesville, Va.; W. E. Bell and wife, Richmond, Ind.; Scott McDonald, Huntington, W. Va. and wife; General store-keeper for the Chesapeake & Ohio; Miss E. E. McManis, Shannon City, Iowa; R. C. Cosby and L. A. Briggs, Chicago newspaper men; and Paul Phil, Muncie, Ind. All will recover.

Prostrated by Heat.

Burlington, Iowa, June 28.—Henry Smith was prostrated by the heat in a field here to day and died before medical aid could reach him. Temperature to day was 98.

Veterans Prostrated.

St. Louis, June 28.—Adam Woolfe, of Kansas City, a survivor of the Battle of Gettysburg was prostrated in the Union Station while waiting to take the special train that bore the Missouri veterans to the Gettysburg celebration. He was revived by physicians and insisted on boarding the train.

FEDERAL PRISONERS

MAKE BREAK FOR LIBERTY.

Leavenworth, Kan., June 29.—Two prisoners in the federal prison attempted to escape this morning. The bars of their cells were discovered sawed and the men found missing. Whether the men have succeeded in escaping had not been ascertained at 2:15 o'clock this morning.

SCHRAM

JEWELER

WOULDN'T you like a pink cameo brooch, a coral cameo ring or scarf pin, a solid gold bead necklace, some iridescent enamel collar pins, a wristlet watch a handsome bracelet or a diamond ring?

This institution and its purposes are sufficient guarantee that you can get "just what you want."

WE DO REPAIRING

AFTERMATH OF BIG FIRE AT MEREDOSIA

Property Owners and Proprietors of
Various Stores Suffer Big Loss.

As was stated in Saturday's Journal the fire at Meredosia early yesterday morning did not reach the opera house block through the heroic efforts of the fire fighters. The engine and hose wagon, which were sent from Springfield, reached Jacksonville about 5 o'clock, when they were informed that the flames were under control and their services would not be needed. Chief Woods of the Jacksonville fire department had everything in readiness to join the Springfield department, if it had been necessary.

The six buildings destroyed made quite a loss to the proprietors and owners of the buildings. The following are the losers: H. E. Harms, grocery and meat market, building \$3,000, stock \$1,000; insurance \$2,000. Edward Geiss, clothing, building \$1,000, stock \$5,000; insurance \$500. Berger Sisters, millinery, building \$1,000. C. P. Hedstock, \$500. R. B. Field, drug store, building \$1,000, stock \$3,000; insurance \$1,000. Rick, restaurant, building \$1,000, stock \$3,000; insurance \$1,000. Hunter & Allen hardware house, building \$1,000, stock \$6,000, making total loss of \$25,000. Hunter, Allen & Co. were heavy losers, mostly in hardware, and the loss to Field, the druggist, was also great. Most of the merchants expect to start in business again, with the portion of stock they were able to save.

Only the highest praise can be given the citizens of Meredosia and vicinity for the gallant way they fought the fire, with the poor facilities at hand.

Pieces of iron sheeting were put over the cellar windows in the opera house building to keep the flames from reaching the lower part of the building. An awning was also put up in front of the large plate glass, which saved it. Prepared paper, wet carpets and other similar things were used on the lumber building and the opera house building to keep the sparks from catching. Those who visited the scene of the fire from Jacksonville, which included T. M. Tomlinson, C. S. Hillerby, Dr. W. B. Young, stated that the fire certainly made a clean sweep and licked up everything but the brick foundations. Mr. Harms is at a loss to know how the fire originated in his store.

Celebrate the glorious Fourth. Obermeyer has an absolutely new stock of fireworks.

CLUBS AND SOCIETIES.

The board of the Old People's Home will meet in the parlors of the church Tuesday, July 1, at 2:30 p. m.

The Missionary society of the Central Christian church will hold their meeting Thursday, June 27, at 2:30 p. m. Instead of Friday, the 4th falling on Sunday, Division "M" will have charge of the program. All members and friends are invited.

The Woman's Foreign Missionary society of Grace M. E. church will meet Tuesday afternoon at 3 o'clock with Mrs. R. A. Gates, 1036 West Lafayette avenue. A large attendance of the membership is hoped for.

The Inner Circle Bible Class will meet this afternoon with Miss Jessie Williams on Hackett avenue.

The Woman's Missionary society of the First Baptist church will meet with Mrs. Elizabeth Davenport at her home at the corner of East Michigan and Clay avenues at 2:30 Thursday afternoon. All ladies of the church and congregation are requested to be present.

The Literary Union will meet Monday evening with Dr. David W. Ried. Subject, "The Japanese in California." Leader, E. E. Crabtree.

The Young Women's Foreign Missionary society of Centenary church will hold its annual Fourth of July breakfast at the Woman's college July 4th at 8:00 a. m. guests of Miss Winnie Wackerle and Mrs. Albert Melcalf. Members please notify the hostesses by Tuesday whether or not they will be present.

Jeffries band will play at the Jacksonville Driving club matinee July 4th.

ENTITLED TO SCHOLARSHIPS. Illinois college and Knox college have offered scholarships entitling the holder to free tuition for the first year to two graduates of a number of high schools, making an average of 90 or over during the last year of school. At Carrollton four students have made the required grade and the two highest will be entitled to the scholarships. The students are:

Miss Verna Schroeder, averaging 92; for the three years she attended school in Carrollton 93.7.

Miss Edith Painter, average for last year 92; average for four years 89.

Put your order in early for Ethie's pure ice cream.

MAY GO WITHOUT COATS. Superintendent Cushman of the street Railway company, has issued an order providing that conductors and motormen who wish may discard their coats during the hot weather, providing they wear blue shirts. The order was effective Friday and the men are quite elated over it.

LICENSED TO MARRY. Charles A. Brown, Waverly; Annetta Bridges, Waverly. Roy W. Budd, Canton; Gladys Barnett, Canton. Stephen R. Thompson, Carrollton; Bessie Bridgewater, Jacksonville.

NEWS FORECAST FOR THE COMING WEEK

Washington, June 28.—During the greater part of the week the eyes of the nation will be turned toward Gettysburg, Pa., where, fifty years ago, was fought the great three days' battle that ended the confederate invasion of the north. The semi-centennial is to be made the occasion for a mammoth reunion of civil war veterans and a five days' celebration that will include addresses by prominent men of the north and the south, together with the unveiling of memorials, etc.

With the beginning of the government's fiscal year next Tuesday a number of legislative acts of the last congress and several important new regulations of the several departments of the government will become operative. Of most general interest, perhaps, will be the introduction by the postoffice department of the C. O. D. service of the parcels post.

Reports from all sections of the country tell of elaborate preparations for a "safe and sane" celebration on Friday of Uncle Sam's 137th birthday. Congress and the departments of government in Washington will take a recess from Thursday until Monday. President Wilson expects to spend the holiday with his family at Cornish, N. H.

A statue of Zachariah Chandler, twice senator from Michigan and secretary of the interior under President Grant, will be unveiled in statutory hall in the capitol on Monday. The statue is a present from the state of Michigan.

Wednesday is the date set for the beginning of the aldermanic "huddle" trials in Detroit. The defendants, including nine members of the board of aldermen, were indicted last July on charges of accepting bribes and conspiracy to accept a bribe for their votes and influence in the passing of a measure affecting city property transferred to the Wabash railroad. "Honest Tom" Gilman, president of the board, will be the first of the defendants to be tried.

Representatives of the educational interests of the entire country will begin to assemble in Salt Lake City at the end of the week for the annual convention of the National Education association. Other large gatherings of the week will include the Christian Citizenship conference in Portland, Ore., the international elateded in Pittsburgh, and the opening of the National Conference of Charities and Correction in Seattle.

Events of the week abroad will include the Henley Royal rowing regatta on the Thames river, the Royal Agricultural society show at Bristol, England, the military celebrations in Germany, the French amateur golf championships tournament at La Boule, the opening of an international exhibition of sport and travel at the Hague, and the annual congress to be held in London by the International Bureau of the Suppression of the White Slave Traffic.

Dance Tues. eve. July 1, Nichols Park. Union music. O. H. Spaulding.

AUTOMOBILE NOTES.

The roads are getting in good shape again after the big rains of a week ago, and several tourists from a distance have visited the city during the week end. Many who had planned journeys last Sunday will take them to day. In some sections of the county, the roads have been dragged and the difference can easily be seen where the ground was let to dry at will. A number of bad places have been noted, where the heavy rains have caused washouts and deep depressions and a little work in these places would lessen the danger to automobiles. Among the motorists in the city yesterday and the cars they were driving were Prince Coates, Lynnville, Mitchell; William Gordon, Lynnville, Mitchell; James Mahon, Sinclair, Ashland; William Curley, Woodson, Oakland; Thomas Graves, Markham, McFarlan; Edward Crisman, Merritt, Case; Fred Mezginson, Oakland, Point; Howard Cully, Sinclair, Mitchell; Edward Killam, Oakland, Markham.

Fireworks—Fireworks—Fireworks Obermeyer's.

ACCEPTS PRINCIPALSHIP.

Rev. Norbury W. Thornton of Monmouth, after two years of solicitation, has again accepted the principalship of Geneseo Collegiate Institute, Geneseo, Ill. He was its founder of this school and was its principal for thirteen years. This institution was the very first one organized by the Board of Aid for Colleges in the Presbyterian church. It is one of the five Presbyterian schools in Illinois—Lake Forest, Millikin, Illinois college, Anna Academy and Geneseo Collegiate Institute. The plan is now to enlarge the departments and complete the endowment. Rev. Mr. Thornton's friends in Morgan county will be glad to note that the former pastor of Pisgah Presbyterian church is entrusted with this important work. The family for the present will remain in Monmouth, but Mr. Thornton's business address will be Geneseo, Ill.

July 1 all trimmed hats in this store go at cost. Mrs. E. B. Stallings, 206 E. State street.

SERMON ON GETTYSBURG.

Members of Matt Starr Post, G. A. R., are hereby requested to assemble at 10:30 o'clock this morning at Westminster church to hear a sermon to be delivered at 10:45 o'clock by Rev. L. H. Davis on "Gettysburg, Its Cause and Effect."

W. H. Jordan, Commander. J. W. Waller, Adjutant.

WILL TAKE RIVER TRIP

Mr. and Mrs. W. N. Hargrove will leave Thursday for Meredosia where they will take a boat for St. Louis and thert will transfer to the steamer Quincey and travel by water to St. Paul. They will be gone ten days or two weeks.

The Service That Satisfies

Because the patronage of both our Grocery and Pharmacy department has increased steadily as the weeks have moved along we know that the public approves our METHODS OF DOING BUSINESS.

To make a success of the grocery business or of a pharmacy means that the public is satisfied with the QUALITY and the SERVICE given. Back of QUALITY and SERVICE must be QUANTITY in order that the customer may have a WIDE SELECTION OF STOCKS and in all of these points we continually meet the demands of the public.

The GROWTH OF OUR PHARMACY is particularly gratifying and we felt certain that this growth would come as the greater number of people to a realization of how convenient it really is to have a DRUG ORDER small or large DELIVERED ALONG WITH GROCERIES.

ROBERTS' COFFEES are now HOUSEHOLD WORDS and recognized as the synonym of unvarying quality. These coffees have REAL CUP QUALITY and our customers have found them always the same. In canned foods we have SPECIALIZED ON THE MONARCH BRAND because we know the brand represents the highest and best in quality.

GET TOGETHER LUNCHEON.

Although "get-together" may never have chosen as motto for Jacksonville, it is an expression all must heed if the city is to grow. The get-together luncheon tomorrow evening at the Dunlap at 6:30 is a step in the right direction. Remember, you don't have to be a member of the Chamber of Commerce to be welcome. Come if you live in Jacksonville and are interested in Jacksonville's future.

Big line of 4th of July supplies at Howe's.

ATTENTION MAT STARR POST.

**Get the Grape Juice Habit;
It Won't Get You**

Welch's is the Pure, unfermented juice of the choicest Concord grapes. It contains no preservatives—nothing is added. Sterilization by heat prevents fermentation and the formation of alcohol.

In the first place, grape juice is a food. Gluten and grape sugar—the most nutritious kind of sugar—make flesh and muscle; its nitrogenous elements feed the nerves and the brain.

In the second place grape juice is a drink. Men can live a longer time without food than without water. Grape juice supplies a perfectly pure water, sweetened and subtly flavored by nature herself.

In the third place, it's a tonic. It relieves exhaustion and stimulates without reaction.

**HEAT YOUR HOMES WITH THE
MOLINE VACUUM-VAPOR
SYSTEM OF STEAM HEATING**The best and most economical
method of heating ever devised

Installed Exclusively by

BERNARD GAUSE
225 East State Street**BEQUEST WILL BECOME
EFFECTIVE JULY FIRST****Woman's Christian Association
Comes Into Possession of \$500—
Mrs. Mary R. Parsons Still In-
terested in Institution.**The bequest of \$500, which the
Woman's Christian association made
to the Young Men's Christian As-
sociation of Jacksonville, becomes
effective July 1st. The five hundred
dollars which had been contributed
by the late F. G. Farrell to be used
for charitable purposes was
unanimously voted to the Y. M. C. A.
at a meeting held May 7, 1913, when
the Woman's Christian association
signified its intention of giving up
its organization and ceasing from
active work.This sum was given on condition
that it be invested on good se-
curity and preserved as a permanent
endowment fund, the interest only
to be used in paying the current ex-
penses of the Y. M. C. A., and that
said fund should be known as "the
Woman's Christian association
fund." It is earnestly hoped that
this is but the forerunner of other
bequests of generous minded friends
who may be interested in the great
work the Y. M. C. A. is doing for the
boys and men of our community.**Work On Dormitory Plans.**
Work on the dormitory plans still
continues. Assurances have been re-
ceived for defraying the expense of
fitting out four rooms. The present
plans call for twelve rooms on the
second floor of the association build-
ing. It is the purpose to make these
rooms airy, spacious and inviting.
The cost per room will be in the
neighborhood of one hundred dol-
lars. It is the desire of the directors
that churches, societies, as well as in-
dividuals back the expense of one or
more rooms. Three organizations
have already promised to back the
expense of fitting out complete
four rooms. As soon as sufficient
pledges are in work on the dormi-
tory will begin.**Letter from Mrs. Parsons.**
A recent letter from Mrs. Mary R.
Parsons, who is now making Cleve-
land, Ohio, her home, indicates that
her interest in Jacksonville in-
stitutions has not abated. She says:
"Enclosed please find my check for
fifteen dollars for the Y. M. C. A. I
hope your plans for the dormitory
are taking shape. The donation
from the W. C. A. is very nice, and
as it should be.""We came on here the fourth of
June and find Cleveland all it is said
to be. Now isn't it the irony of fate
that the Illinois women are to vote
just as I am leaving, and Ohio will
have none of it."If you spend a cent or a dollar for
fireworks buy at Obermeyer's.**GOOD FARMING.****Results Most Apparent During Un-
favorable Seasons—Fine Results on
the Allen Farm.**Fairly good crops may be produc-
ed in any section of Illinois when
the season is particularly favorable
to that section even though the best
methods of crop production are not
followed, but it is when unseason-
able conditions prevail that results
of good farming are most apparent.The beneficial results of good farm
management are very apparent on
the farm of Ralph Allen, near Del-
avan, Tazewell county. Mr. Allen
has adopted the Illinois system of
permanent agriculture and each
year he treats 40 acres of land with
1,500 pounds per acre of raw rock-
phosphate. He practices a system-
atic rotation of corn, oats, wheat
and clover. One 40 acres in wheat
this year gives promise of 33 to 40
bushels per acre, as compared with
untreated fields in the locality which
yield 22 to 30 bushels. The variety
is "Turkey Red" and is entirely free
from mixture with other varieties,
cheat or weeds. Besides the in-
creased yield, the wheat on the treat-
ed land will be ready for harvest
much earlier than on other fields, an
advantage that is appreciated by
those desiring to get threshing over
as early as possible.**System Helps.**
The management of several hun-
dred acres planted to cultivated crops
necessitates the use of a large
amount of machinery and tools, and
to keep these in repair at a mini-
mum of expense requires an intelli-
gent and systematic oversight and in
this department Mr. Allen is ably
assisted by his son, Ralph, who has
had a course in arm mechanics in the
University of Illinois. "System"
seems to be the watchword on the
Allen farm. There is a spacious work-
shop well supplied with tools and
materials for quickly repairing ma-
chinery and implements, while in a
shade nearby is stored a good supply
of hard wood lumber cut into proper
dimensions for wagon tongues, cup-
pling poles, double and single trees,
wagon beds, hay racks, etc. With
this equipment, when the weather
will not permit out door work, time
is profitably spent in getting every-
thing in good repair. Each tool be-
longing to the workshop has its
place on the wall, pasted on the wall
directly beneath it is its facsimile
cut from heavy cardboard; a glance
at the wall gives one an inventory of
all missing tools. By making each
person responsible for the return of
tools removed by him a system is
established whereby the tools are
usually to be found in their proper
places.Mr. Allen believes in education for
usefulness. He has four boys and
five girls and as each of these
finish high school they enter the
University of Illinois to complete
their education in agriculture and
household science.—H. A. McKeene,
secretary, Illinois Farmers' Institute.**FUNERAL NOTICE**Funeral services for Mrs. Samuel

Article IX.
Fancy Fowls.**The art of successfully breeding
thoroughbred fowls is the highest
branch of poultry keeping. The best
qualities and talents of man are
brought into exercise in the control-
ling and managing of natural forces
for the production of the finest fowls.**Purpose.**—The purpose of the poul-
try fancier is to breed fowls pos-
sessed of qualities to satisfy a cer-
tain established standard of perfec-
tion. He keeps pure bred stock and
breeds mainly for beauty as signified
by pleasing plumage, symmetrical
shape, ornamental appendage and at-
tractive appearance of the fowls as
a whole.Many fanciers breed fowls to ex-
hibit in competition for prizes at
poultry shows. Others breed to sell
to fellow fanciers and would-be ex-
hibitors. Some breed the beautiful
birds as a pastime for their own gra-
tification. Not a few fanciers keep
pure bred fowls for the sake of se-
curing a sure supply of their superi-
or products for the table. Occa-
sionally a fancier is found whose
specialty is the development of new
breeds.The fanciers are numbered by
thousands and include men and wom-
en in almost all the ranks and call-
ings of life. The fanciers of Ameri-
ca have a national association and
numerous special organizations.**Fancy Fowls a Hobby.**—Usually,
but not always, the keeping of fancy
fowls is taken up as a specialty aside
from the man's regular occupation.
Oftentimes, however, the fancier be-
stows upon his valuable birds the ut-
most care and attention as a result
of his enthusiastic interest and in-
tense pride in his feathered pets.
The true fancier finds pleasure in
caring for his fowls and it is his con-
stant effort to increase the beauty
and utility of his chosen variety.It has been proven frequently that
it is not necessary to have large
means or a great area of ground at
command in order that the fancier
may gain large influence among
poultrymen.**Beginning Small.**—Be his plant
ever so small, he can keep a few
standard bred fowls. The very small-
ness of their numbers enables him
the better to study the particular
characteristic of each. If, being
adapted to the work, he begins
breeding with a pair or pen of the
finest fowls obtainable, watches
them closely, records carefully the
quality of his stock from generation
to generation, he will not only suc-
ceed in producing individual exhibi-
tion birds, capable of winning in the
best poultry shows, but he will be
likely to produce a strain or family
of fowls which will add measurably
to the usefulness and popularity of
his favorite breed.**Profit in Fancy Fowls.**—The fan-
cier should also realize the advan-
tages of financial profit from his
flock. Oftentimes a flock of forty
pure bred fowls will bring the owner
more profit than a flock ten times
as many fowls will yield the com-
mercial poultryman. Quality wins
both the prizes and the prices in the
fancy business.**Fanciers' Influence.**—The fanciers
among poultrymen play a very im-
portant part in the development of
the poultry calling. True they have
given us many freaks which may
have answered no better purpose
than to amuse their originators, for
a time, but the genuine fanciers have
contributed greatly to the value of
poultry by fixing beneficial breed
characteristics, improving old varie-
ties and developing new ones.The fancier keeps before him the
beauty of the breed which gives pure
bred fowls their greatest claim to
public favor.—H. A. McKeene, secre-
tary, Illinois Farmers' Institute.When you buy fireworks, get them
from our fresh new stock. Obermeyer**HAD NARROW ESCAPE.**Edward Ornellas, night towerman
at the Wabash had a narrow escape
last evening. He was going down
East Court street on a bicycle and
at the corner of Ashland avenue, he
and an automobile and a carriage
driven by William Horton met at
Ashland avenue. The machine was
going at a high rate of speed than
for a moment it took as if there
would be a serious accident. Mr. Or-
nellas grazed the car and one of the
horses hit the curbing with consid-
erable force.**Fireworks for the 4th at Howe's,

To Stop Scaling of Psoriasis

This Troublesome Skin Disease Promptly Checked by a very Simple Attention.

Classed with eczema, psoriasis has been considered one of the most obstinate of skin diseases. A lady in Lexington, Ky., says that before she began using S. S. S. the disease broke out at frequent intervals where she thought it cured. But by getting her blood under control by the influence of S. S. S. psoriasis entirely disappeared and there was never again the slightest sign of it.

Like nearly all skin diseases, psoriasis is primarily due to impaired blood. The skin is but a network of fine blood vessels. And it is a perfectly natural consequence that any influence in the blood that is a condition of ill health makes its first appearance in the skin. There is one ingredient in S. S. S. which peculiarly stimulates cellular or glandular activity to select from the blood or from this fine network of blood vessels in the skin, those elements which it requires for regeneration.

Thus pimples, acne, eczema, lupus, or any other blood condition that attacks the skin or seeks an outlet through the skin, is met with the antidotal effect of S. S. S. This is why skin troubles vanish so readily and why they do not return. You can get S. S. S. in any drug store, but insist upon having it. Take no chance by permitting anyone to recommend a substitute. And if your blood condition is such that you would like to consult a specialist freely, address the Medical Dept., The Swift Specific Company, 132 Swift Bldg., Atlanta, Ga.

THE JACKSONVILLE JOURNAL Established 1843

Published by
JACKSONVILLE JOURNAL CO.

FOR BETTER ROADS.

The Tice road law which is referred to in another column requires prompt action on the part of county officials. It provides for the appointment of a road superintendent in each county and this official must be selected within three months from the date that the law takes effect. The selection is to be based on an examination given by the state highway commission. This provision in the law seems to be one of the most significant in that while the county road superintendent is appointed by the county commissioners he is also subject to the state highway commission and will serve as a connecting link between the county and state authorities and serve to direct their efforts along the same line. Much of the authority of the commissioners relative to bridge work is curtailed by the fact of the county superintendent as that official must be consulted on work which will cost in excess of \$200 and he will have much to do with the letting of contracts. Another matter requiring prompt action is in the selection of roads for state aid. Unless this is done within six months the money will all go to those counties which have hastened to comply with the law. The state will have available for the first year under the Tice law \$700,000 and a like sum spent by the counties will mean road betterment in Illinois during the next twelve months of \$1,400,000.

BOARD OF EDUCATION BILLS

The recent discussion of Board of Education affairs between one of the city commissioners and one of the members of the board gives time to the suggestion that it would be a good idea if the board of education published each month or at stated intervals a complete list of warrants paid out on account of bills approved by the board. The law requires the county commissioners to publish each quarter an entire list of all bills allowed and paid by them. The commission form of government act requires that each month the commissioners shall issue in pamphlet form a list of the receipts and expenditures of the city. Each year the board of education of Jacksonville spends from \$50,000 to \$100,000 or more of the people's money without giving any public accounting thereof.

It is not the intention to suggest that there is any thing wrong with the board of education financial accounts. But it is intended to suggest that more publicity for the financial affairs of the board is desirable. The charge that the people know little or nothing of how the school money is expended is not applicable to the present board alone for the present board has handled its financial affairs in the matter of the paying of claims in accordance with the custom in vogue for years.

It is no doubt true that every bill allowed by the board of education has the written approval of at least three members of the board and that any person who wishes to know about any particular bill can get the information by application to the city clerk. This however does not serve to give the publicity to public financial matters that is desirable.

Each year the public pays a large sum for the support and maintenance of the public school system and in a large measure these taxes are paid without grudging. However there is not one tax payer in a 100 who has any clear idea of just how this money is spent. If a list of all claims allowed by the board of education were made public the very fact that the list was to be published would serve as a check upon possible extravagance. Publicity of financial accounts, in which the public has an interest is a salutary thing and tends toward economy. The official who knows that every bill which he approves will be made public is pretty certain to proceed with greater care and with closer scrutiny in the examination of bills or even in the contracting of bills if he knows that later on the public will have accurate knowledge of just what he is doing.

In years gone by the board of education has been subjected to a great deal of criticism and much of this criticism could have been avoided if the board had been less of "a law unto itself." As it is now and as it has been in the past the board can settle large financial matters at its own discretion without the public knowing anything about the facts. It is probably true that not a dozen people outside of those directly interested know for example what the salary of the superintendent of schools is, the salaries of principals or teachers, or have any idea as to what the costs of repairs and maintenance are for the school buildings. The claim of a local architect and the payment thereon of \$2,500 by the board has been recently mentioned. The Journal has no thought or suggestion that this bill is improper or excessive but it does maintain that the system of accounting is wrong which makes it possible for officials to expend a sum so large without the public having any knowledge of the fact. In advocating publicity for board of education affairs in general and their financial accounts in particular, the Journal is not seeking to cause the board expense for publishing the accounts in a newspaper or in pamphlet form but is suggesting the publicity which it believes will be of benefit to the board itself, relieving and dispelling criticism and which will be a source of satisfaction to the public at large.

THE SPIRIT OF A CITY.

What is the matter with Jacksonville is a question which is heard every little while among business men and other citizens and the common answer is, one generally accepted, that while business is quiet that it is a condition the country over and that nothing is the matter with Jacksonville. However, there are citizens and they cannot be justly classed as pessimists or knockers who maintain that there is something the matter with the city and that condition will not be better until there is a general shaking up of the "dry bones." Here is what one well known citizen maintains and there is a good deal of truth in what he says although some of his opinions are at least debatable:

"The fact is that Jacksonville's population is getting less and less, week by week, and few new people are moving in." This man says "We are losing ground in population and real estate is at such a low ebb that nobody can sell a piece of property without cutting his price down to about half of its real worth. We are losing ground and while I am not inclined at all to take a gloomy view of things I do believe that there will be no betterment of conditions here until we have a better and more certain supply of water, better street pavements, and decently lighted streets."

"I know that it is an old and threadbare subject this matter of water and that the city has been talking about it for 25 years, yes 50 years, but at the same time it is the question which still presses for solution and which will not go down until something is done about it."

"I will admit that the water question is a very large question and one which it will take a lot of time, thought and money to settle properly and finally. But when it comes to the questions of lights and paving we know what ought to be done

and not until we take decisive and active steps to secure good pavements and good lights will Jacksonville get off the toboggan. If we had a city which was thoroughly lighted all about the business district and upon every residence street, that fact would very soon be noised about through the whole state. And this is entirely a possible thing and one which could be done without an unreasonable cost to anyone."

"Jacksonville today is known in a wide spread sense as a city where street pavements have gone into decline. It is a matter of common knowledge that the drivers of automobiles and of carriages shun the principal streets of Jacksonville because the paving there is so out of repair that the humps and depressions spoil all the pleasure of riding and work damage to the automobiles or other vehicles. It has been a long time since any street paving was laid in Jacksonville and many of the streets already paved have so gone into decline that today the pavements are worse than none at all. I would be in favor of putting every street pavement in Jacksonville into a good condition and in laying new pavements on a great many other streets. Let the outside world know that every pavement in Jacksonville is in good condition and that every street is well lighted and then you will have a city with a reputation and a general air of prosperity."

"There are people who will tell you that Jacksonville need not expect to grow very much, that it is simply a big farming town and that it will always be so. They will tell you also that the way to improve Jacksonville is to improve farming conditions in Morgan county. They claim that whatever depression there may be in business locally is the direct or indirect result of the fact that high priced land in Morgan county is not producing more or possibly even as much as was true when the land was half as valuable as it is today. They insist that if the farm lands of the county are made more productive and that the farmers are more prosperous that the city will feel the benefit of these better conditions. While I appreciate to the full extent the value that the farming community is to Jacksonville and the added fact that the farm is really the basis of all wealth yet I do not agree with the belief that if the farmers are all prospering and making plenty of money that business conditions in Jacksonville will be just what they should if we continue to neglect our public affairs. If the farmer of Morgan county is prosperous and is making money he will spend more money here and elsewhere but if there is an atmosphere of gloom and neglect; if citizens seem to have lost heart and continue to make no forward steps in the matter of improvements, the farmer is very apt to jump into his car and do his buying in some other city or he is more likely still to send his orders for goods and supplies by mail to some city nearby or some city far away."

THE WILSON CURRENCY PLAN.
The following will give some idea of how President Wilson's currency plan would work, based upon statements in support of the plan:
A bank in Jacksonville finds, at crop moving time, that it is going to run short of currency. It makes application to the reserve bank which has been organized for this district, and turns over to the latter sufficient promissory notes of its own customers to secure the reserve bank. These notes, of course, carry the endorsement of the maker and at least one other person as security, and when they go to the reserve bank they receive the additional endorsement of the bank which is applying for currency.

If the reserve bank has plenty of currency on hand it accepts these securities and supplies the wants of the Jacksonville bank. If it is short itself it forwards an application to the federal bank of control at Washington which is to have \$500,000,000 in reserve currency for reserve banks. The latter add their endorsement and credit to that of the bank which has first applied, and it is also required that the reserve banks maintain a reserve in gold, equal to a third of the amount of currency issued. On this security, the bank sends out the currency and it finds its way, through the reserve bank, to the bank.

Apparently, the plan is a very simple one, but a great number of questions have arisen in connection with the administration of the proposed law. Control of these currency-issuing operations is lodged in a federal board of control, and statesmen who shy at concentration of federal authority are fearful that it lodges too much power in the board. Congressman C. A. Lindbergh also raises the point that the character of the currency provided for makes it impossible to correct the most serious defect of the existing system.

"The administration bill provides for a system of asset currency," he says, "instead of bond-secured currency, and it increases rather than diminishes the evils which have arisen in connection with banking control of our circulating medium. The most serious evil of our present system is the fact that we are compelled to pay interest to the banks on currency issued, while the currency issued by the government alone is free from any interest charge."

It has been remarked that in congress there is no subject regarding which there is so much honest difference of opinion as that concerning the government's relation to the banks. It is because of this that changes in the currency system have been so long delayed. Even with tremendous political pressure behind his effort to change the system, it is admitted that President Wilson will be unable to line up his party for this proposed program. He will have to go outside that party for assistance.

IMPORTANT NOTICE

To automobile owners. I HAVE FOUND IT. A LIGHTNING PUNCTURE CURE for all automobile tires and tubes. It is positively guaranteed to instantly stop any slow leak or nail puncture of any size. It is guaranteed to preserve the rubber, and increase the life of the tube. It is guaranteed not to be affected by the heat or cold. Goody bye to punctures. No more worry about having to repair tubes on the road. YOUR MONEY BACK if it fails to do what we say. No fake. LIGHTNING PUNCTURE CURE DOES IT. C. N. Priest, the Ford man, agent for Morgan and Scott, Counties.

BIDS WANTED.

The city will receive bids for an electric generator and engine, to comply with the following specifications:

200 K. W. 3 Phase, 60 cycle, revolving field, 2,300 volts, 200 R. PM. direct connected, 16x24 inches, 4 valve engine.

Bids are asked on used equipment and must be filed in this office by 10 a. m., Wednesday, July 9th. The right is reserved to reject any or all bids.

C. R. Knollenberg, Commissioner of Accounts and Finance.

HAS RECEIVED DEGREE.

Rev. Lynn Pyatt, son of John C. Pyatt of this city, has recently been honored with the degree of bachelor of divinity from the technological department of Yale university. Rev. Mr. Pyatt went to Yale after taking degrees at Transylvania university, and although his work there was interfered with to some extent by two hospital experiences, he nevertheless finished his course with great credit to himself.

ONWENTSLA CLUB WINS POLO CHAMPIONSHIP OF MIDDLE WEST

Defeats Cincinnati Easily in Deciding Game of Tournament 11 Goals to 2 1/2.

Onwentsla Club, Lake Forest, Ill., June 28.—Onwentsla club's polo team today won the championship of the middle west by defeating the Cincinnati team 11 goals to 2 1/2.

The result of this game was never in doubt, Cincinnati making its points in the latter part of the play. Starting with a two goals advantage, Onwentsla piled up four more in the first two periods and got a start that apparently took the courage out of their rivals. Onwentsla closed with a total of ten earned goals, one goal being lost by two fouls.

Cincinnati's only mark up to the six period was a safety by Hopping in the third. Graydon, Hopping and Harrison made one goal each in the sixth, seventh and eighth periods. The game today was largely a personal battle between Captain Frederick McLaughlin, Onwentsla's No. 3, and Earl W. Hopping, Cincinnati back. Each made long spectacular drives and rode effectively. Much of the luck appeared to be against Hopping.

AWARDS AT TURNFEST.

Denver, June 28.—Additional awards in the special events at the Turnfest announced today were as follows:

120 yard hurdle—First, Harry Hedeker, Cincinnati, 16 seconds; second, William Knabenhoelt, Davenport, Ia., 16 1-5; third, Harry Fischer, Cincinnati, 16 3-10.
In the 1000 yard relay race which was won by North Cincinnati Turnverein in one minute 3-5 seconds, second and third place were announced as follows: Concordia Turnverein of St. Louis, second, 1 min. 5 sec.; Philadelphia Turnverein of Philadelphia, third, 1 min. 7 sec.

DECATUR ERRORS HAND GAME TO QUINCY BY SCORE OF 10 TO 5

Gems Overcome Five Run Lead and Pound Steiger Out of the Box.

Quincy, June 28.—Quincy handed the game to Decatur in the fourth and sixth with three costly errors. With the score 5 to 1 against them, the locals hit up a big lead at the expense of Kaiser. Score:

TEXAN WOMAN CHAMPION.

Kansas City, June 28.—Miss Gwendolyn Rees of Dallas, Tex., won the women's championship of the central west in tennis singles today, defeating Miss Evelyn Seavey of Kansas City, 6-2, 6-4, in the finals in the central west tourney.

Miss Seavey did not show her usual form because of an injury to one of her hands received in yesterday's play.

Mrs. Malcolm McNeal of Chicago won the consolation singles from Miss Louise Hamilton, Kansas City, 6-1, 6-2.

ANTI-HORSE THIEF ASS'N HOLDS MEETING SATURDAY

Regular Meeting is Held and Question of Annual Boat Excursion Discussed and Committee Appointed.

The Morgan county Anti-Horse Thief association held its regular monthly meeting at the court house Saturday afternoon with a good attendance. The members are enthusiastic over prospects of their annual excursion and by a unanimous vote decided to hold a rail and river excursion between the fifth and fifteenth of August. The following committee was appointed to make all arrangements for the event: Abe Reid, Stansfield Baldwin, John K. Long and T. M. Tomlinson.

Youa Stomach Bad?

JUST TRY ONE DOSE OF MAYR'S Wonderful Stomach Remedy and be Convinced That You Can be Restored to Health.

You are not asked to take MAYR'S WONDERFUL STOMACH REMEDY for weeks and months before you receive any benefit—one dose is usually required to convince the most skeptical sufferer of Stomach Ailments that this great remedy should restore anyone so afflicted to good health. MAYR'S WONDERFUL STOMACH REMEDY has been taken by many thousands of people throughout the land. It has brought HEALTH and HAPPINESS to sufferers who had despaired of ever being restored and who now proclaim it a Wonderful Remedy and are urging others who may be suffering with STOMACH, LIVER and INTESTINAL AILMENTS to try it. Mind you, MAYR'S WONDERFUL STOMACH REMEDY is so different than most medicines that are put on the market for the various stomach ailments—it is really in a class by itself, and one dose will do more to convince the most skeptical sufferer than tons of other medicines. Results from one dose will amaze and the benefits are entirely natural, as it acts on the source and foundation of these ailments, removing the poisonous catarrh and bile accretions, and allaying the underlying chronic inflammation in the alimentary and intestinal tract, rendering the same antiseptic. Just try one dose of MAYR'S WONDERFUL STOMACH REMEDY—put it to a test today—you will be overjoyed with your quick recovery and will highly praise it as thousands of others are constantly doing. Send for booklet on Stomach Ailments to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill.

Salem Evangelical Lutheran—East College street. Rev. J. G. Kupper, pastor. Sunday school at 9:30 a. m. Divine services in German at 10:30. There will be no services in the evening. The Ladies Aid society will meet at the home of Mrs. Zimmer on Mound Road Friday July 4. The L. W. C. will meet at the school Thursday evening.

Miss Margaret Middlekamp has returned to her duties at the Woolworth ten cent store after a pleasant vacation.

TICE ROAD BILL TO BE EFFECTIVE SOON

PROVIDES STATE AID FOR THE BUILDING OF HIGHWAYS.

Superintendent of Roads Must Be Appointed in Each County Offer Competitive Examination—All Important Road Work Will Be Under His Direction—Plan Tends to Uniformity of Action.

The Tice road bill passed by the last general assembly and recently signed by Governor Dunne will go into effect on Tuesday and it is accounted by those who have made something of a study of its provisions as a bit of progressive legislation which will go a long way toward helping Illinois with the betterment of its highways. As a matter of fact Illinois had gotten behind other states in road improvement but the Tice bill means a beginning of better things. While the bill provides for state aid, a provision of much greater importance is that this bill the highways of the state come under the direction and control of the state highway commission which is created by the act. While some distinct measure of local control in road matters is left to the counties nevertheless the central authority is vested in the highway commission and the superintendents in the various counties are the accredited representatives of the highway commission. These several county superintendents in counties not under township organization will have much to do in governing the action of road commissioners.

Lack of Uniform Action.
One cause for complaint in the past in counties not under township organization has been that the commissioners in the various road districts had separate and distinct ideas as to the best methods of road improvement and have proceeded to carry out these ideas without any special reference to the adjoining road districts. In most cases the commissioners were sincere in their opinions as to the best methods to improve the general results. It is a fact too, in some communities that road commissioners have been little less, or more, than political playthings and the officers have apportioned the work to be done among their political henchmen without particular regard as to the quality, or quantity of the work done.

While the following by no means gives a comprehensive statement of the new law which covers 93 printed pages, it touches upon some of the principal provisions of the law.

Powers of Commission.
In the first place the bill provides for the creation of a state highway department, the officers of which are the members of the state highway commission. Within thirty days the governor shall appoint three state highway commissioners, no more than two belonging to any one party and they shall have a salary of \$3,500 a year. The powers of this commission shall include the general supervision of highways and bridges; the fixing of rules and regulations, for employees of the state highway department and for the various county superintendents; to aid county superintendents; to cause plans and specifications to be prepared for the improvements of highways or bridges; to let all contracts for the construction or improvements of state aid roads.

Superintendent of Highway.
The governor shall also appoint a state highway engineer at a salary of \$4,000 and an assistant highway engineer at a salary of \$2,500. In each county of the state within ninety days after the act becomes effective the county board shall submit to the state highway commission a list of three to five persons considered desirable candidates for county superintendents of highways. The state commission shall thereupon determine by competitive examination from the names submitted the person or persons best fitted for the office—and shall then certify the same to the county board. The board shall then make an order from the number eligible appointing one person superintendent of highways. If none of the five persons taking the examination qualify then the board shall submit five more names and if from this second list nobody is found qualified the county board may employ someone not resident of the county who has the endorsement of the state highway commission.

The term of office of each county superintendent of highways shall be six years and he shall receive a salary payable out of the general funds of the county, the sum to be fixed by the county board. Any county superintendent of highways may be removed from office from incompetency or neglect of his duties.

The Superintendent's Duties.
The county superintendent of highways shall be subject to the rules and regulation of the state highway commission. He shall prepare the plans, specifications and estimates for all bridges to be built in the county. He shall act for the county in all matters relating to the supervision of the construction and maintenance of any road or bridge constructed or maintained at the entire expense of the county or at the joint expense of the county and any town or road district therein. Subject to the direction of the state highway commission he shall supervise the repair and maintenance of all state roads within his county. He shall keep a record of all contracts or purchases of materials, machinery or apparatus to be used in road construction in excess of \$200, approved by him in any town or district. It is the intent of the law that the county superintendent shall be practically in all points recognized as a deputy of the state highway engineer.

State Aid For Roads.

Public highways or section thereof including bridges may be laid out improved or constructed at the joint expense of the state and county within a state. In such case the state shall contribute one-half the expense and the county the other half, provided that no road so improved shall lie within the corporate limits of a city or a village. At the next regular or special meeting following the passage of this law it shall be the duty of the county commissioners to designate those highways that shall come under the provisions of this act. The highway so designated shall be as nearly as possible those connecting the principal trading points in the county. The county board shall indicate the highways selected upon a map of the county and the county clerk shall forward the map to the state highway commission. The roads must not be more than twenty per cent of the roads in the county. If the routes selected do not conform to the routes selected by adjacent counties it then becomes the duty of the state highway commission to make an investigation and then take the action which seems the most desirable.

If any county board shall fail within six months after the passage of this act to forward to the state highway commission a map showing the routes selected for state aid then the highway commission may make such selection.

Ratio of Allotment.
The improvement of a system of state highways shall be carried on as follows—From such appropriations as the general assembly may make there shall be allotted by the state highway commission each year for each county, an amount that shall bear the same ratio to the total appropriation of that year, that the total amount levied in each county for roads and bridges bears with reference to the total amount provided that to counties in which more than forty per cent of the total amount appropriated by the general assembly for building roads is collected including any amount collected for automobile and kindred licenses, and devoted to road building by such appropriation, there shall be allotted an amount equal to 25 per cent of the amount so collected in each county. The sum so allotted to each county shall be used to defray the costs of constructing state aid roads.

when such work is carried on in conformity with the provisions of this act.

Must Act Within Six Months.
If any county shall within six months from the date of the allotment fail to provide and appropriate an amount equal to the said allotment by the state highway commission for the purpose of constructing state aid roads then the amount so allotted shall be forfeited by the county and re-allotted to the counties that have complied with the requirements.

When state aid roads have been constructed within a county under this act the repair and maintenance costs of such roads will be paid by the state. There are a great many other provisions in this law which are of importance as affecting the highways and which will be taken up in subsequent articles.

AUCTION SALE!

At "Moundside" Addition

Choice Home Lots

In the Residential

Southwest Side
Of Jacksonville

Wednesday, July 2, at 2 P.M.

Take the State Street Car—West, Right to the Property, Corner of Webster and Mound Avenues

It will not be a "Brass Band Sale," just an auction to dispose of a number of valuable building lots that are bound to make the new owners money, for they are bound to sell low.

Don't forget the date, Wednesday, July 2, at two (2) o'clock.

Make up your mind you are going to make a start—and own one or two lots of your own. Any young man or woman working on a salary can afford to buy one or more. Terms cash, or easy payments—the savings plan way. Make up your mind you are going to the sale and try and pick up a snap. It's the man on the ground that makes the money.

The sale will be conducted by Carey M. Jones & Co., Real Estate Auctioneers, Chicago, Ill., and every lot will be sold.

SOLDIERS MARCH TO FIELD OF GETTYSBURG

Advance Guard of Great Army of Peace Now at Historic Spot—All Plans Perfected.

Gettysburg, Pa., June 28.—The advance guard of the great army of peace reached Gettysburg today. It is estimated that there are already 20,000 visitors in this vicinity, and yet the formal exercises of the Gettysburg semi-centennial celebration do not begin until Monday. Tomorrow morning will see the arrival of the main army of the Blue and Gray veterans. Today a vast body of army engineers, skilled cooks, physicians and hospital attendants is engaged in putting the finishing touches to the great tented city where the 40,000 old soldiers will be fed and sheltered during the six days of the celebration. The camp, which will be thrown open at bugle call tomorrow morning will be the largest military camp that this country has seen since the civil war. The camp comprises 280 acres, starting about 200 yards from the High Water Mark monument on the battlefield, and lying to the southwest of the town and partly on the scene of the first day's fight.

Decorations Beautiful.

The town of Gettysburg is beautifully and profusely decorated. Shipensburg, Carlisle, Chambersburg and numerous other cities and towns within a 50 mile radius, all of which will help to entertain the overflow of visitors, have put on holiday attire. The Stars and Stripes and the Stars and Bars are prominent everywhere, with portraits of Lee and Meade, Longstreet and Pleasanton, and other famous commanders of the opposing armies, side by side.

The arrangements to guard the health of the veterans are of the most perfect and elaborate character. At a cost of \$25,000 the state of Pennsylvania has established an emergency hospital under canvas just east of the National cemetery grounds. A United States field hospital is conveniently located in the town. In addition three good sized infirmaries have been set up. There will be many ambulances and surgeons stationed about the field ready to give first aid treatment and rush the ill to the nearest hospital.

The largest tent in the world has been raised in which to hold the exercises of the reunion. Fifteen thousand veterans may sit under the big canvas and listen to the orations of Chief Justice White, Secretary of War Garrison, Governor Tener and other notable men who will address the gathering.

Today was a day of preparations and arrivals. It was "go as you please" with the early visitors, and they took in the sights with a vigor that was remarkable, considering the age of the veterans and the fact that many of them had just completed long and tiresome journeys.

The battlefields caught most of them. The monuments were inspected and every hill and ridge was climbed to get a clearer view of the field where thousands of the youth of the north and the south gave up their lives in the fierce fight that was waged during the first three days of July in 1863.

Remember Every Spot.

It is remarkable how long and well the soldiers remember every spot, every move, every order, every incident of a battle. They would gather in groups and point to the scene of Pickett's famous charge, to the spot where General Reynolds fell and the line held by the union forces along Cemetery Ridge from Culp's Hill to Round Top. They talked of reserve corps and attacks on their right; of cavalry charges and defense by the left. As they wandered around they would see a monument in which the inscription would particularly attract their attention. Then they would figure out among themselves, throwing statistics to the wind, how many men were left of the companies or regiments when the battle was over.

The Blue and Gray veterans are not the only soldiers who will be here during the week. Practically every branch of the regular military service will be represented. Two battalions of the Fifth infantry have been here on guard duty for several weeks. The signal corps has been much in evidence establishing a complete telephone system through the field. Today a battalion of engineers arrived. A battery of the Third field artillery is here, also several troops of the Fifteenth cavalry. All of these troops are expected to figure prominently in the exercises of the anniversary, and will remain at Gettysburg for six weeks, afterward to participate in the maneuvers at the camp of college and university students to be conducted by the war department officers. The college boys will live in a portion of the veterans' camp, which will be allowed to remain standing for them. During the reunion the camp will be divided into two great sections. The confederate veterans have been allotted that part of the camp lying between West Confederate avenue and the Round Top branch of the Reading railway. The union veterans will be quartered on the other side of the railroad.

TO MOVE NEGRO UNIVERSITY.

New Orleans, June 28.—Bids were opened today for the sale of the New Orleans properties of the Southern university, an institution for the education of the negroes, which is to be moved to some town in the interior of the state. This marks the end of a long and expensive legal fight to keep the university in New Orleans. The institution is subject to the control of the legislature. For some years efforts have been made to move it to an agricultural district, where the objects of the school could be worked out to better advantage. When the legislature finally ordered it moved an injunction against the change of location was obtained. The legal fight was ended a week or so ago when the supreme court decided that a citizen had no standing in court when opposing a decree of the legislature unless the decree should be unconstitutional.

MESSAGE DELIVERED TO CHICAGO MAYOR

BOY SCOUTS FINISH LONG RELAY JOURNEY WITH PRESIDENT'S MESSAGE.

Message Opens International Athletic Meet—W. J. Kennedy Wins Marathon—Oak Park High Captures Prep Meet.

Chicago, June 28.—Dusty, panting and almost lost amid the scores of automobiles that formed his escort, Laurin Chenoweth, boy scout dashed up to the grand stand in Grant park this afternoon and delivered to Carter Harrison, mayor of Chicago, a message from Woodrow Wilson, president of the United States. While skyscrapers echoed back the boom of cannon that welcomed the leader dispatch pouch to the end of its 778 mile journey, the mayor read the message in which the president wished success to the international athletic meet, formally inaugurated by its arrival.

The boy scouts had done their work—by relays they had borne the message over hill and dale from the capital to Chicago—and thousands of the khaki clad youngsters burst into a cheer as the journey ended. Despite the extremely hot weather a dozen marathon runners competed in an event of the regular distance—26 miles, 385 yards, which was won by W. J. Kennedy of the Illinois Athletic club in 3 hours, 5 minutes and 20 seconds. Sidney Hatch the veteran was second in 3:11:10. Manuel Cooper of the Chicago Hebrew institute was third. The route of the marathon for the most part lay over asphalt paved boulevards that seemed to sizzle under the broiling sun, so that many runners quit before the finish. Harry Goelitz was star in the meet of "prep" school athletes that took place after the arrival of the president's message. Goelitz won 17 points and helped make his school, Oak Park high, an easy team winner in the events, with 38.

The Winners.

100 yard dash—Irish, Oak Park. Time 10 2-5.
Half mile run—Hake, Gary, Ind. Time 2:06 2-5.
120 yard hurdles—Goelitz, Oak Park. Time 1:16 2-5.
Pole vault—Reaves, Fall City, Neb. McLean, Lane Technical and Sears, Lewis institute tied for first. 10 feet 9 1-2 inches.
12 pound shot put—Herd, Exeter, N. H., first. Distance 46 feet 3 inches.
Mile run—May, of Lane, first. Time 4:25 3-5.
440 yard dash—O'Meara, Evans-ton academy. Time :54.
220 yard hurdles—Cory, University high. Time :25 2-5.
High jump—Crane, Tacoma, first. Height 5 feet 9 1-2 inches.
Discus throw—Cory, University high first. Distance 95 feet 1 1-2 inches.
Hammer throw—Head, Exeter, N. H. Distance 115 feet 6 inches.
Broad jump—Stiles, Culver Military academy. Distance 22 feet 5 inches.
Half mile relay—Evans-ton academy won.

QUICK RELIEF FOR RHEUMATISM
"Dr. Dett" is a Relief for Rheumatism has given my wife wonderful benefit. She could not lift her foot, had to be lifted for two months. She began to use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by P. A. Alcott, druggist.

NEWS IN BRIEF.

On account of measurements in length being less than five inches, a shipment of 150 pounds of sun-fish from St. Louis to Quincy were seized and confiscated Friday.

The War Department has reconsidered an order permitting Lieut. Col. B. C. Morse to remain in charge of military science at the University of Illinois.

Officers of central Illinois are searching for three yegmen who blew the postoffice safe at Danville, Friday.

The annual mid-summer institute of the Perry county teachers' association closed Friday afternoon with the county graduation exercises. A class of forty-six received diplomas.

Orvey Mulkey first baseman of the Christopher ball team, was probably fatally shot Thursday night. George W. Tillman of Duquoin a timekeeper of the East Mine was arrested.

Virgil Laswell, of Mount Vernon, put a loaded cartridge in a blank pistol Friday and when the pistol was discharged a portion of his hand was blown off.

BALTIMORE COUPLE WED.

New York, June 28.—A wedding today of interest to the southern colony in the metropolis was that of Miss Susanne Carroll, daughter of Mrs. John Howell Carroll and great-granddaughter of Charles Carroll of Carrollton, and Major John Philip Hill, who holds the position of United States district attorney for Baltimore. The wedding took place this afternoon at the home of the bride's mother in West Fifty-ninth street.

MRS. S. KNOBLOCH Coming to Jacksonville

A Famous Fireless Cooking Authority to Give a Free Exhibition Here!

Jacksonville is soon to be visited by an expert of fireless cooking. Mrs. S. Knobloch has been identified with the fireless cooker industry since its infancy. Mrs. Knobloch is recognized both by manufacturers and the leading periodicals as an authority on the subject of fireless cooking and is said to draw the largest salary ever paid for one week's course of lectures on the subject of Domestic Science. Mrs. Knobloch has given a lifetime to the study of Domestic Science.

Mrs. Knobloch comes to Jacksonville direct from the laboratory of the Toledo Cooker Co., Toledo, Ohio, manufacturers of the IDEAL Fireless cook stove. Mrs. Knobloch is a member of the staff of demonstrators and board of lecturers and also a member of the advisory committee at the experimental station maintained by the Toledo Cooker Co.

The people of Jacksonville, are very fortunate in being able to have the merits of the fireless cooker explained to them by Mrs. Knobloch.

The demonstration starts Monday, June 30th, at BRADY BROS., and each day during the week special talks and demonstrations will be made.

NEWBRO'S HERPICIDE

INCREASES THE JOY OF
SUMMER
VACATIONS

GOING! GOING!! GONE!!!
HERPICIDE WILL SAVE IT! HERPICIDE WILL SAVE IT! TOO LATE FOR HERPICIDE

HERPICIDE CO.

The coming of summer is fraught with the keenest of anticipations. We are looking forward to that trip to the seashore, lake, mountain or country and the amusements attendant upon the season. If we have red blood the sports and pleasures of the vacation period, such as tennis, golf, boating, fishing, etc., appeal to us.

But this season of outdoor enjoyment also brings with it added responsibilities, in the extra care which must be devoted to the toilet. The hair in particular needs much more attention than at any other time. The sebaceous glands throw off more waste material and there is a consequent larger and more rapid accumulation of dandruff, which makes the frequent and intelligent use of Newbro's Herpicide imperative.

Regular applications of this valuable scalp prophylactic keeps the head perfectly clean and the hair and scalp healthy. Herpicide adds gloss and beauty to the hair and thus increases one's personal charm and attractiveness.

The cooling effect, the sensation of cleanliness and the exquisite odor all tend to make Newbro's Herpicide a most delightful hot weather hair dressing. It stops itching of the scalp almost instantly.

Send 10 Cents for Trial Bottle and Booklet. See Coupon

Herpicide is sold at all toilet goods counters in 50 cents and \$1.00 sizes, where it is guaranteed to produce results or money refunded.

Applications obtained at the better barber shops and hair dressing parlors.

Don't wait—send 10c for sample and booklet today.

THE HERPICIDE COMPANY, Dept. 98B, Detroit, Mich. Please find enclosed 10 cents for which send me sample bottle of Newbro's Herpicide, also a booklet on care of the hair.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

STOCKS RECEIVE SUDDEN STIMULUS TOWARD CLOSE

AGREEMENT FOR DISSOLUTION OF HARRIMAN MERGER REACHED.

Advices Regarding President's Approval of Plan Removes Last Doubt and Union Pacific Rises 4½ Points—Other Stocks Move Upwards.

(By Associated Press)
New York, June 28.—Toward the close of a session which bid fair to be the dulllest of the year, the stock market received a sudden stimulus which sent up prices quickly. News came from Washington that a final agreement had been reached, with President Wilson's approval, on the plan for dissolving the Harriman merger and that the plan would be presented in court on Monday.

Today's advices regarding the president's attitude, together with the statement that the plan would be taken into court before July 1, the end of the time limit set, seemed to remove the last doubt. Union Pacific made a vigorous response, rising ½ points above yesterday's close. The remainder of the list moved upwards strongly with general gains of 1 to 2 points for the active stocks. It was almost entirely a trader's market, however, and prices fell off to some extent before the close.

Forecasts of the bank statement were wide of the mark. Instead of the predicted heavy cash gain the banks showed a decrease of more than \$1,000,000 in actual holdings. There was a large loan expansion and as a result of the week's operations the surplus was cut down by \$8,500,000.

The cash loss and heavy loan increase reflected the new financing of the week—more than \$40,000,000 having been paid out here in short term loans.

HILLERBY'S

DRY GOODS STORE

DON'T SKIP A WORD OR YOU MAY SKIP A DOLLAR.

20 PER CENT DIVIDEND SALE

20 Per cent Discount on Everything in the Store During This Sale.

FIVE DAYS SELLING

MONDAY, JUNE - 30
TUESDAY, JULY - 1,
WEDNESDAY, JULY 2,

THURSDAY, JULY - 3, Five Big, Busy Clearing
SATURDAY, JULY - 5 Days!

We never carry over stock. We must close out all our summer goods. We would rather have our sale a rushing one of five days than drag on for two weeks or a month. This is

The Greatest Dry Goods Opportunity of the Year!

No marking up or down; no juggling or sleight of hand; just our usual low prices with 20 cents off of every dollar. A child can understand as well as the most up-to-date shopper. All you have to do is to get your memorandum ready and

LOOSEN YOUR PURSE STRINGS

Anticipate your wants. There's no other sale like this. It's unique, stands alone among the clearing sales of the season. Everything goes. Nothing reserved. You can't buy DRY GOODS AT LESS THAN COST very often, but we must clear our decks for the fall business. Don't forget the date, June 30th to July 5th, inclusive (except Friday the 4th). Open every day at 9 o'clock. Sale begins

Monday, June 30th, at 9 O'clock

Be sure to bring your check book, for this is a cash sale. You can make each dollar worth \$1.25. Where can you make money so quickly. Tell your friends and come yourself; come early. Don't tell us you didn't know about it. There's just 48 hours of bargain getting in the five days. If money grew on bushes it wouldn't be easier to pick than it is at our great Dividend Sale.

SAFEST PLACE TO TRADE

PASTOR TO DEFENCE OF EVANGELIST SUNDAY

SCORES ATTACK MADE BY REV.
WASHINGTON GLADDEN.

Rev. J. B. Koehne Takes Exception
to Criticisms and Says Gladden is
Intolerant, in Article Appearing
in Congregationalist.

Although four months have passed since Billy Sunday held a big meeting at Columbus, Ohio, the criticism which attended the meetings held there seems apparent to break out again as the result of the remarks recently of Rev. Washington Gladden, who declined to join the movement which took Sunday to Columbus. In an article in the Congregationalist Dr. Gladden says he had not expected to explain why he did not aid Sunday, but it seems that the time has come to speak out.

"The intolerance and violence which are the native breath of Mr. Sunday furnish the first and strongest reason for refusing to work with him. In his first or second day in Columbus Mr. Sunday said, 'The fatherhood of God and the brotherhood of man is the worst rot that was ever dug out of hell, and every minister who preaches it is a liar.'"

"I could hardly believe my eyes when I read it, but I made sure that he said it, and the same thing was said for substance over and over. I do not wish to pass judgment on the ministers who listened without protest to that; I know what their excuses were; but I could not, without forfeiting my self respect, have attended those services until those words had been withdrawn and humbly apologized for."

"Such language was repeated every day. Every man whose opinions differ from those of Mr. Sunday is a liar; every day he mounts the judgment seat of the universe and sends men by scores to the right hand and to the left—mostly to the left. Statistics—of a sort—were kept of the number of those 'conversions,' but of the number of those sent to hell, by name, no record, I believe was made. It is a great omission, for that is a large part of the business."

"All evolutionists are consigned to hell. Mr. Sunday names, one by one, those whom he supposes to be evolutionists, and with a dramatic gesture flings each of them into perdition. There goes old Darwin! He's in hell, sure! And the enraptured audience yells it applause, as one evolutionist after another is dropped into the fiery pit."

"Bull Fight Less Horrible. A staid Methodist preacher who watched this performance, said afterward, 'I would never have believed, if I had not seen it, that an audience of civilized Americans should show such a spirit as that. The scene at a

Spanish bull fight is really, when you think of it, less horrible.'

"A minister who listened to him through the whole of his campaign in Columbus said to me only yesterday, 'I never saw a man in the pulpit who manifested so little of the spirit of Jesus Christ as Billy Sunday manifests.'"

"The commercial feature of this 'evangelist' is also a serious matter. It is far truer today than when Paul said it, that the love of money is the root of all kinds of evil; and the warning of Jesus, 'Take heed and beware of covetousness,' is counsel which was never before so pertinent. It is the one vice of which a Christian teacher should never be suspected. Mr. Sunday should never be suspected. Mr. Sunday sets all that counsel at defiance."

"It is notorious that he is making himself rich in this business of evangelism. At a conference of evangelists held in Chicago last summer one of the younger members told of counsel which has been given as to methods of work by 'one of the leading evangelists.' Among other things this leading evangelist had said to him, 'I've got all those other fellows skinned a mile in the free will offering.' The name of this leading evangelist was not given. Dr. Chapman thinks it should have been, and so do I. Only one man could have truthfully said it."

Not a 'Free Will Offering.' Mr. Sunday takes out of every considerable city which he visits, for an eight weeks' service, money enough to pay the average Congregational minister's salary for 29 years and his year's accumulation would support 100 foreign missionaries. He is not reticent about this; he preaches about it frequently and defiantly; he insists that it is nobody's business how much money he makes, or what he does with it."

Says Gladden is Intolerant. Rev. Dr. John B. Koehne, preacher and lecturer, is among those who have taken up the cudgel in behalf of Rev. Billy Sunday. In defending Mr. Sunday, Dr. Koehne says: "The intolerant and violence of Mr. Sunday furnish the first and strongest reasons for refusing to work with him." He confirms Mr. Barton's analysis, "that Mr. Sunday is lacking in the Christlike qualities, patience, kindness, sympathy and thoughtfulness for others."

"We will assume all this is true. But can Dr. Gladden condemn 'violence and intolerance' in other, when he manifests like same spirit? He scorns the name of 'Evangelist' as applied to Mr. Sunday. He says 'Evangelist! Have we forgotten the meaning of the words?' He denounces his 'vitrified temper,' his 'immoral theology,' he compares Mr. Sunday's influence to an 'atmosphere poisoned with malaria' and says that some of the scenes during the revival 'were more horrible than a Spanish bull fight.' Nor will he convince multitudes of ministers and Christian laymen that he is not guilty of malicious persecution. He defames the evangelist, accusing him of mercenary motives, impeaches his

methods, prophesies evil of the converts, denounces the ministers of Columbus in attending the meetings, and condemns all ministers who in the future engage Mr. Sunday 'as blind leaders of the blind.'"

'Receipts' Nobody's Business. Are these evidences in Dr. Gladden of 'The Christlike qualities of patience, kindness, sympathy and thoughtfulness for others?' This does not mean that he does not possess them. The friends of Dr. Gladden know that there are the primal qualities of his character tested day by day. But would a stranger reading these harsh words ever imagine a Christian man had written them? Would he not rather think Dr. Gladden was wicked, a man of violence, and ought therefore to have led the procession 'to hit the sawdust trail and been numbered among the eighteen thousand' to borrow the felicitous speech of Dr. Gladden.

Dr. Gladden takes exception to the sale of hymn books and photographs. But he also has collaborated in the publication of hymnals and his photograph is in some of his books. Neither does Mr. Gladden tell us how much he gets nor what he does with it. Like Mr. Sunday, he considers that 'nobody's business.'

AMERICAN COMMISSION TO VISIT PARIS.

Paris, June 28.—The American commission which has been traveling through Italy, Austria and Germany, investigating the problems of co-operation and rural credits system, will reach Paris tomorrow to begin the last leg of their European tour. The commissioners will remain here ten days, during which time their work of investigation will be interspersed with numerous features of entertainment. From Paris the Americans will proceed to England, where another ten days will be spent before they sail for home.

GEORGIA HAS NEW GOVERNOR.

Atlanta, Ga., June 28.—At noon today, in the presence of hundreds of his fellow Georgians, including the general assembly, sitting in joint session, John M. Slaton, amid all the solemnity and dignity with which time honored custom has endowed the inaugural ceremony, was inducted into the office of governor of his state. The ceremony was held in the house of representatives. Governor Slaton was introduced by Joseph M. Brown, the retiring executive. The oath of office was administered by the chief justice of the state supreme court.

ACTORS TO HAVE OWN HOSPITAL.

Chicago, June 28.—Scores of players now appearing at Chicago theaters and gardens have volunteered their services for the big benefit performance to be given at the Auditorium tomorrow in aid of the building fund for the American Theatrical hospital. The hospital, for which a site has already been secured on the West Side, will be the first institution of its kind in the country for the exclusive use of members of the theatrical profession.

SOME FASHION HINTS.

All signs point to red and yellow as the most popular summer colors. Elaborate petticoats of china silk and lace are being worn with summer negligees.

An attractive belt is made of scrim, embroidered in colored silk in Bulgarian style.

Lace and chiffon or lace and tulle are favored for sleeves and the upper portion of décolleté waists.

The new style skirt has a deep set or hem finished with stitching or piping and softly gathered about the waist.

A pretty hat for the summer is of black straw trimmed with a pleated frill of maline and wreaths of blue and pink flowers.

Some of the new wraps of black chiffon are embroidered with roses in pink crimson and gold and lined with two layers of pink chiffon.

A corsage bouquet for summer gowns is made of roses and leaves of lace, which are either white or tinted to match the color of the gown.

A novelty for outing and traveling is the snakeskin serge, in dark gray, with dots of red, black and blue over its surface.

Flowers are being extensively employed to adorn the hats of straw, chiffon, crepe and lace designed for dress occasions.

A new favorite in millinery is the hat of changeable silk or satin veiled with tulle and trimmed with flowers.

The color displayed beneath the lingerie dress may be repeated in a taffeta souple or figured crepe de chine short bolero, fronted jacket mantelet.

A round collar made of embroidered white net is out in points all the way around. A short frill of the net is placed on top, with a tiny velvet band outlining the neck.

Among the new and most attractive dresses are those worn with the high neck ruffles of pleated tulle and lace. The sleeves are trimmed with similar ruffles of tulle strapped with bracelets of ribbon.

Butterflies of lace or gauze are to be used extensively this summer to trim the lingerie hats, while many of the smartest gowns have a butterfly bow finishing the girdle at the back.

Finely tucked net forms the foundation of a charming fichu, cut in the collar form over the back and shoulders and gradually sloping toward the front, where it terminates in two sharp points.

A smart jacket frock is developed of finest white serge and the short-waisted coat has a vest of flowered silk, which disappears beneath a broad girdle of black satin.

The realm of footwear has been invaded by the Bulgarian note, and low shoes of silk crepe or dull silk are found in Persian or Bulgarian designs. Stockings of the same color as the silk are worn with these shoes.

The summer evening wraps are very oriental in effect, and are made of silk, chiffon and transparent

crepe. Brilliant eastern colors, embroidered with huge golden dragons or large flower designs, are lined with chiffon.

The wide crush girdle of satin, finished with a large bow tied so the ends and loops extend above and below the girdle several inches, is very becoming to the girlish figure.

Frequently robes of mousseline de sole and pleated gauze are trimmed with a wide scarf, embroidered in oriental style, which is turned about the hips and tied in a double knot; sometimes in front and again at the side.

The contrasting coat and skirt are enjoying popularity. A pretty costume has a jacket of natter blue moire with a skirt of white serge. The jacket is effectively trimmed with buttons and has a sailor collar of black and white chiffon.

Removable buttons are a feature of some lingerie gowns and blouses. The buttons, of bone, are taken out when the gown is laundered. They are well made of highly finished bone and although they are much like the studs which women wore when the shirt waist first came into vogue they are made to lie flat on the surface of the material.

An attractive handbag of taffeta silk is ornamented with the frayed edge of the taffeta. The center of the bag has an ornament of dull silver passementerie. Another bag of changeable taffeta is trimmed with two applique squares or shirred taffeta with a small antique gilt cord and drops, falling from the points. Heavy gilt cord with passementerie ornaments on the ends forms the handles.

TO WAR ON HOG CHOLERA.

Washington, June 28.—Convinced, in the face of the increased cost of living, that something must be done to save the hog as a food animal, the officials of the department of agriculture are preparing to begin a campaign next week to eradicate hog cholera. On Tuesday the \$75,000 appropriated by the last congress for the work will become available. The department estimates that the losses from hog cholera last year amounted to not less than \$60,000,000.

THE BASIS OF CAR BUYING

1. Look up the maker in regard to responsibility, time in business, assembled or factory product.
2. What will be your chance of disposing of your car in the future, either in trade or for cash.
3. Service you will receive from dealer and factory at all times.
4. Quality of material used. Kind of equipment used for starting, lighting, ignition, etc.
5. Weight of car. Comfort in riding.
6. Accessibility.
7. Simplicity.
8. What the car has done in the past.
9. Chance of getting repairs in the future.
10. Does it pay to skimp yourself in price to get an article because it is cheaper. Think it over carefully.

If you keep these questions in mind and then examine

The Buick, the Oakland, the McFarland Six or the Oldsmobile

You will find that each one answers these queries in its own individual way.

The AYERS SAFE DEPOSIT VAULT

A SAFE DEPOSIT BOX is not a luxury but a necessity to the owner of stocks, bonds, deeds, mortgages, insurance policies and other valuable papers.

ANXIETY about jewelry or silverware not in use is dispelled when it is kept in a Safety Deposit Vault.

PRIVATE SAFE DEPOSIT BOXES in this great vault, protected by over 100 tons of steel, rent for less than a cent a day.

PRIVATE LOCKED COUPON ROOMS behind the grille work with desk, chair and writing material are at the disposal of the patrons as often as desired.

VISITORS WELCOME—An attendant will always be found at the vault who will be glad to show you through.

THE AYERS NATIONAL BANK

MORTUARY

Craig.

Mrs. Margaret S. Craig passed away at Passavant hospital Saturday night at 8:05 o'clock at the age of 82 years. About ten days ago Mrs. Craig, who resided at 604 South Main street, suffered a fall when she sustained a fracture of her left hip. She had been at the hospital only the past few days.

Mrs. Craig, whose maiden name was Margaret Staley was the widow of William T. Craig and had been a resident of Jacksonville for a long period. She is survived by a sister, Miss Rebecca Staley of this city, and Henry Stevenson is a nephew. George W. Craig of Woodson is a brother-in-law of the deceased.

The remains were taken to the Reynolds undertaking establishment and arrangements for the funeral will be announced later.

Piper.

Charles A. Piper, a former resident of Scott county, died recently at his late home in Clarksdale, Mo. He was the third son of Mr. and Mrs. John F. Piper and was born October 28, 1870, in Bluffs. He is survived by his wife and three children, his aged parents, two brothers and one sister.

NOTICE.

MATRIMONIAL

Senning-Stone.

News comes from Chicago of the recent marriage of John Peter Senning, formerly instructor in history and political science at Illinois college, to Miss Elizabeth Stone of Chicago. Mr. Senning has many friends here who will be surprised to hear of his marriage. After leaving Jacksonville he took post graduate work at the University of Illinois and was engaged last year as an instructor in Wesleyan university, of Connecticut. Miss Stone is a graduate of the University of Chicago. Previous to her marriage she was engaged in library work in that city.

Budd-Barnett.

The marriage of Mr. Roy W. Budd and Miss Gladys M. Burnett, both of Canton, Ill., was solemnized Saturday at noon at the parsonage of Brooklyn M. E. church. Rev. Hy S. Alkire officiating. The young people came to this city to be married because Rev. Mr. Alkire used to be a former pastor of the bride. She is an accomplished young woman and recently has been employed as bookkeeper for a large drygoods house of Canton. The groom is cashier of the Canton City Gas and Electric company. The young people left Jacksonville via the Wabash at 5:13 last evening for Mt. Sterling, where a brief honeymoon will be spent with the bride's relatives, after which they will go to their already furnished home in Canton.

Jacksonville Driving club will give matinee of six races July 4th. Jeffries band will play.

JUSTICE COURTS.

Robert Christison was fined \$3 and costs in Squire Coons court Saturday on a charge of drunkenness. Anderson Mosley was fined \$5 and costs in Squire Dyer's court Saturday on a charge of keeping a pigpen nuisance. The case was brought by the city. He was fine \$10 and costs on a state case on the same charge.

Tell your friends about the big matinee at the Driving park July 4th. Jeffries band will play.

DIVIDEND DECLARED.

At a regular meeting of the directors of the Ayers National bank a dividend of four per cent was declared payable July 1st. The prosperity of this bank which is doing constantly increasing business is a source of gratification to the patrons of the institution as well as to the entire business world of Jacksonville.

Horses from Winchester, Petersburg and other towns entered at Jacksonville Driving club matinee July 4th.

RETURN FROM WASHINGTON.

Mr. and Mrs. J. A. Munson who went east for the National T. P. A. convention have returned home. While in Washington with others Jacksonville they called on Congressman Rainey and Secretary Bryan. They visited New York and other cities in the east and had a thoroughly enjoyable trip.

DRAMA LEAGUE PLANS FOR HIGH CLASS PLAYS IN SMALLER CITIES

Jacksonville Center Expects to Secure no Less Than Three Attractions of First Rank the Coming Season.

The Jacksonville Centre of the Drama League of America is co-operating with the National league in their plan to secure some exceptionally fine plays for the smaller cities by offering a definite pledge of fine attendance upon a given number of selected plays each season in the various centres. The best producing managers have approved the plan and the national league is in communication with the large booking agencies who have promised co-operation. At present it is impossible to furnish the list of plays but they will be picked plays of a high order and such as will appeal to every theatre lover. They will be plays which do not ordinarily appear in the small cities and which can be secured only because of the financial backing of a chain of drama league centres.

For this first season Jacksonville has been promised three such plays provided the local centre can secure for each a guarantee of five hundred dollars. While the selection of the three plays will of necessity have to be left to the national committee, as they will have to arrange with the other cities of the circuit and with the managers, the definite offer of George Arliss in "Disraeli" has been made the national committee for one, and there is a possibility of Marlowe & Southern for another. Mr. Arliss won his reputation in this country first in his portrayal of Lord Steyne with Mrs. Fiske in "Becky Sharp" and his reputation has been sustained by a series of successes—with Blanche Bates in "The Darling of the Gods," with Mrs. Fiske in "Leach Kleschna," "Rosmersholm," and "Eyes of the Heart," as the devil in the drama of that name, as Septimus in a dramatization of W. J. Locke's novel and in many other parts. But he has achieved perhaps his greatest success recently in the delightful comedy, "Disraeli," one of those achievements in character delineation, says a recent writer, which remind us that large and stirring and vivid acting did not perish with Richard Mansfield after all. "Indeed the actors, young or old, on the stage today who can compare with George Arliss, either in imagination or technical proficiency are few and far between. To miss seeing him is to miss one of the finest pleasures of our contemporary theatre."

Manager Hunt, who has done so much in booking good attractions in Jacksonville, is co-operating with the Drama league and has offered to do his part in securing the plays for which pledges are made. All those who sign pledge cards as guarantors will be given a choice of seats in advance of the public. Those who are interested in the plan can obtain pledge cards from any of the following: Mrs. Thomas Worthington, Mrs. David Reid, Mrs. John R. Robertson, Mrs. Mae Black, Miss Florence Loar, Mr. Vorce Bassett, Mrs. Rammelkamp, Miss Iona Kuechler, Miss Cole, Mrs. Miller Weir, Mr. Frank Bode, or from Mrs. Frank J. Hehl, chairman of the play committee of Jacksonville Centre.

Be patriotic, buy your fireworks at Howe's.

VERDICT EXONERATES

TRAIN CREW
After hearing the evidence of the engineer and fireman of the Burlington passenger train No. 48 which struck Roy Jackson last Wednesday afternoon, the coroner's jury returned a verdict exonerating the members of the train crew. Their testimony tended to show that the train had given full warning of its approach by blowing the whistle and ringing the bell. The verdict stated that Jackson came to his death by being struck by the pilot beam of engine pulling the Burlington passenger train No. 48 and concluded by saying that "we find that the engineer pulling No. 48 was in no way personally responsible for the accident."

Put your order in early for Ehle's pure ice cream.

CONFERENCE MEETS AT

TAYLORVILLE THIS YEAR
The Illinois Conference of the Methodist Episcopal church will be held this year in Taylorville the week of September 2. This is the third time in the history of the conference that its sessions have been held in Taylorville. Among the speakers of note to be present, Bishop W. F. McDowell, Rev. M. S. Rice, D. D. of Duluth and Rev. W. H. Wilder, D. D. of Washington, D. C. a former leader in Illinois Methodism. A feature of the conference will be the annual meeting of the Illinois Conference Layman's Association Sept. 12-14, Friday to Sunday.

FIRES CAUSED BY GASOLINE

Fire Marshal Issues Bulletin Suggesting Rules Which Will Lessen Danger.

Fire Chief Woods has received from the acting fire marshal the following circular about fires caused by gasoline. It reads as follows: The attention of the state fire marshal has been called to the number of serious fires recently caused by gasoline explosions, due to the careless handling and unsafe storage of this dangerous fluid. Nearly six hundred fires in the state of Illinois last year were directly caused by explosions of gasoline.

In the United States the igniting of the vapor from gasoline burns to death an average of thirty persons each week and seriously injures twice that number. In New Jersey recently twenty girls were killed, fifty seriously injured and property to the value of \$100,000 destroyed in a fire caused by gasoline explosion—the direct result of carelessness. A \$200,000 fire was started in a Winnepeg garage by horses stamping on a concrete floor while gasoline was being poured from open buckets into a gasoline tank in the building. The fumes spread over the floor and when a spark from one of the horse's hoofs caused an explosion the building and contents were entirely destroyed. At Alexander, Ill., a tank of gasoline exploded in a blacksmith shop and caused a fire which destroyed a number of buildings and caused a loss of over \$30,000. At Bridgeport, Ill., two entire blocks were swept away, property valued at an estimate of \$250,000 was destroyed in a fire caused by the explosion of gasoline in a small shop. A few days ago at Barry, Ill., a small fire in a grocery store was communicated to a tank of gasoline, causing an explosion, and before the fire had been gotten under control a large part of the business section had been destroyed, causing a fire loss of nearly \$50,000.

Gasoline gives off a vapor constantly, and air which is mixed with it about ten per cent of gasoline vapor is more dangerous than gunpowder. Gasoline vapor, being a trifle lighter than air, falls to the floor and is moved about by draughts of air. There have been cases in which women have been seriously burned by explosions of gasoline fumes due to creating a spark of frictional electricity by rubbing silk and other goods while being cleaned in gasoline.

The only reasonably safe and the only economical way in which gasoline can be stored is in properly constructed underground tanks. Dealers handling small quantities of gasoline should keep it in cans of not more than five gallons each, stored in a small building provided for the purpose, at least twenty feet from all other buildings.

Caution. The principal danger from gasoline lies in the fact that in ordinary temperature it continuously gives off inflammable and explosive vapor and a light some distance from the material will ignite it through the medium of this vapor. The vapor from one pint of gasoline will make 200 cubic feet of air a dangerous explosive. It depends upon the proportion of air and vapor whether it becomes a burning gas or a destructive explosive.

Beware of any leaks in cans and never forget how dangerous a material you are handling.

July 1 all trimmed hats in this store go at cost. Mrs. E. B. Stallings, 206 E. State street.

BUYS HOUSE BOAT. James Landers has purchased from Ferdinand Strawn the launch and house boat and the latter has had at Mercedosa for some time. HAVE RETURNED TO CITY. Mr. and Mrs. Percy G. Capps arrived in Jacksonville last night from Madison, Wis., and their many friends will be glad to know that this city is again to be their home. Mr. Capps was needed for a position at the Capps mill until fall, when he will again cover a salesman's territory.

A. P. OPERATORS TO HOLD REUNION IN PEORIA JULY 20

Big Plans are Being Made for Second Meeting of Associated Press Goodfellowship Club.

Associated Press operators of the Illinois-Iowa circuit are looking forward with great expectations to the second meeting of the A. P. Goodfellowship club which will be held in Peoria July 20. About fifty are expected to be in attendance, including the men employed at the contributing office in Chicago.

Arrangements for the entertainment of the visitors is being made by F. M. Schreiner of the Herald-Transcript and Leon Dille of the Peoria Journal. Nothing will be left undone to show the guests a good time.

The Associated Press Goodfellowship club was organized about six months ago in Springfield. The purpose is to promote the interests of the operators, to get better acquainted and for the good of the service. W. H. DeShare of the Journal is vice-president of the organization.
